Library Detectives

Runs through May

Test your detective skills! We'll give you clues, and you locate the items in Spike's Place. See if you can achieve all three levels: Private Eye, Super Sleuth, and Master Detective! Each time you complete a case, you enter the monthly drawing for a free book. Ask any children's librarian to get started.

DID YOU KNOW... that we have adult books upstairs?

Can't get downstairs to search for books for yourself? No problem! We have a small selection of adult books available for check out. This collection is located across from the children's computers, beneath the windows on the story time room wall. These items are available so busy caregivers can find books while their children play. They can be checked out upstairs along with your children's books. We refresh the collection regularly, so make sure to check back often for new items!
