Junior, Put Down That Gun!

A few rumblings have been sounded that may grow into a roar if people, with or especially young people, do not observe the law concerning them. It has not been too long since the law was revised. Perhaps the offenders are not aware of it. A reminder, in any case, may save accidents or even lives. In general, nobody is to fire a cannon, gun, rifle, air rifle, revolver, between 2,500 feet of any dwelling, building, cemetery, or place of assembly, or (practically anywhere) within village limits.

This is almost a half mile from anywhere.

Hunting is permitted only on very large farms, and then only by the owners.

Violators are subject to fines up to $300.

This would seem to make it unwise for parents to make a gift of a gun of any sort to their children unless they have a definite lawful place for its use.

Even target shooting is permitted only under certain circumstances.

Keep with the police department if that's what you want to do.

Give a pint Monday—you'll have it back Tuesday

BLOODMOBILE COMES TO STOW ON MARCH 29

Twenty-four hours is all it takes your body to replace the blood you lose. So the next Blood Drive is scheduled for Thursday, March 29. From 7 to 9 p.m. you can come and donate your blood without charge once you have needed it. All members club from Community Council hand together to sponsor the Bloodmobile's visit to Stow. It's a big project. The unit comes from Cleveland with a number of doctors and nurses, to be joined by local volunteers.

"We don't strap you down and take your blood regardless of how you feel," one worker says. "Everyone must be examined. We can't use anaemic blood or that from a person with a cold. If your blood pressure doesn't satisfy the doctor, we won't use you. So there's no danger that you'll suffer from donating nor that a recipient might suffer from receiving.

Indicative of the mass effort behind the drive is a list of committees set up by Community Council:

1. Chairman: Mrs. George Westerman, with a program committee under her "consisting of" Mrs. Louis Channel, Mrs. Robert Freeman, Mrs. T. C. Alexander, Mrs. Harold Blazer, Mrs. C. R. Benedict, Carl Dobbs and Robert Reynolds.

2. Scheduling Committee (from Stow Culture Club: Mrs. Norman Russell and Mrs. T. A. Burns. (OV 8-3708 and OV 8-8666)

3. Luncheon and Dinner Service (Women's Fellowship of First Christian Church): Mrs. L. Ed-wards Michigan, chairman.

4. Taxi Service (Stow Child Study Club): Mrs. Fred Werner, chairman.

6. Unloading and Loading (Stow High School Boys).

The Bloodmobile will be in the parking lot of Stow High School. There will be a registration route.

PROJECT 38 — YOUNG SCIENCE CLUB

Three weeks ago a science club was organized in Stow, "Project 38" is the new local group of the Hobby Education Foundation of America. The membership, totaling eight to date, are all students of Mrs. Wilbur Gossell's fifth grade at Highland elementary school. The club is sponsored by Mr. and Mrs. Ray L. Winders, 3415 Lakeview Blvd., where the meetings are held every Wednesday from 7 to 9 p.m.

Members elected Billy Finnegan, 10-year-old son of Mr. and Mrs. Donald Finnegan, 3470 Willow St., to be their president. These scientific minded youngsters have enjoyed some very stimulating programs at their recent meetings.

Plans are being made to include field trips to interesting places, including the Akron Planetarium. Other scientific projects are being designed to further develop the interest these youngsters have shown in the field of science.

MRS. DONALD CANAVAN DISPATCHES CRUISERS

"It has been a difficult thing to get used to...that of learning the first hand about people being hurt and of people being in trouble," Mrs. Donald Canavan, Stow Police Department-day dispatcher states.

"When one is 'keeping house' those ones in one's own family are the only concern that one has. To read about another's troubles is not the same as seeing other people's troubles."

Mrs. Canavan, or Merle as she is affectionately known by her first name, is also secretary to Chief Woodard. She also serves as deputy clerk of the Mayor's Court on court nights. Most of Mrs. Canavan's duties are concerned with the unit that receives and dispatches radio messages to the newly acquired cruiser cars of Stow Police Dept.

At home in the Canavan residence, 1232 Mack Drive, Merle is mother to: Donald, aged 13; David, aged 11; James, aged nine; and Joel, aged three. Joel attends Mrs. Mullens' Nursery School. Donald, Sr. is an employee of Central Engineering Dept., Ohio Edison Company.

Stow Culture Club members, (1-1) Mrs. T. A. Burns and Mrs. Norman Russell will schedule all Blood Drive donors for Bloodmobile.

Sunday, March 27, at 3 p.m., Richard C. Faunce, 3861 Chagre, will play a Rubinstein Piano Concerto with the Akron University Orchestra. He is pianist for the First United Presbyterian Church of Stow.

SIGN UP TIME FOR BOYS BASEBALL
Any and all boys, ages 8 to 16, interested in playing Little League Baseball, are requested to register at Stow Town Hall, Saturday, April 2, or Sat., April 9, between 10 a.m. and 3 p.m. All boys must be registered to be eligible for tryouts which will be announced later.

SCOUT ACTIVITIES
Boy Scout Troop 174 will be spending next weekend at Camp Manatoc. They are currently having a contest between patrols for designing and making their own flags. Judging will take place at camp. Richard Haughe, a Scoutmaster, Bob Bachelor, his assistant.

Jim Schulz, named Outstanding Scout of the Year from Holy Family's Troop 173, at its Court of Honor, holds the award he received Monday night.

WEDDINGS - NOW AND THEN

Way Back When

by Frank Green

In my column in The Stow Press I have told some of my memories of holidays as they used to be celebrated. Several of those who like to read my efforts to entertain have suggested that I write about weddings and I went to the woods for pens and leaves. A big storm came up and we got very wet. After the ceremony, Uncle Wallace made this crack: "Jessie got wet, but Lurie got Wet-MORE."

I have attended many nice weddings since then, most of them in Stow. I have never been best man or usher.

At my own wedding I forgot to kiss the bride. I was forcibly reminded of this error afterwards by my Irish wife.

Large weddings nowadays are in a church where anyone can see them. Old time ones, you had to be invited.

The name of Mrs. George Westerman has been synonymous with Stow Community Council's program for the past three years.

Mrs. Westerman always enjoyed Red Cross volunteer work which she began as a young girl during World War I, helping to make bandages. Later she was asked to serve as chairman of a group of volunteers making surgical dressing once a week during World War II and the Korean War. Her first Bloodmobile job was serving as co-chairman with Mrs. Austin Cowles when the blood drive was first carried on in Stow three years ago. After learning the ropes, she has been Blood Campaign Chairman of every drive since.

Carmen and George Westerman came to Stow eight years ago from Jackson, Michigan, where they operated a book shop handling art supplies and gifts before her marriage some 25 years ago. She has held a lifetime interest in art work and painting, as has George, who is manager of display advertising for the Ohio Edison Co. in Akron. They enjoy an active membership in the Akron Art Institute, and she hopes someday to find the time to further her interest in art work. Other interests are centered around membership in the Stow Culture Club, Westminister Church of Akron and, of course, Stow Community Council.

This busy worker now boasts six healthy grandchildren, Georgia, Jr., and his family remain here in Maplewood Park, nearer than the others. There is a married daughter in the Philadelphia suburb of Paul, another married daughter in Farmington, Michigan, and a son who is prosecuting attorney in a small town in northern Michigan.

In any available spare time Carmen enjoys sewing and baking cookies - has baked thousands during Christmas seasons, sending many to all the grandchildren. When not traveling to visit the children, she looks forward to the summer months when she spends at the six-bedroom summer lodge on Torch Lake in Michigan, where family reunions have been held during summer months for the past 28 seasons.

Mrs. Clarence Snyder, 4118 Kent Rd., is expected to arrive home this week from a visit to St. Clair Hospital in New York City, where she recently underwent major surgery.

Ruth Reel, usually smiling from behind the counter at Standard Drug in the Plaza, is in the hospital for observation.

On March 17, an American History Class was asked what day it was. But an unexpected answer arose: It was Don Gray's birthday. Previous to this date Theresa Kaulizer promised to bake him a cake. Well, the time had come, and Theresa sadly said she had forgotten.

So while the class proceeded to sing "Happy Birthday" Don insisted on a cake and Theresa struggled to keep a straight face. You guessed it! Miss Westerman brought out a yummy-looking chocolate cake. As a result, for the remaining part of the period the class members spoiled their lunches.

The Latin students tried something new this year. Friday they took part in a Foreign Language Night. The activity was held from 7 to 9:30 and was sponsored by the Classical Club of Greater Akron. When the time came, French, German, Latin and Spanish students embarked for North High School in costumes representing their languages. Then they were ready for an evening of fun. Two student speakers, one from Buchtel and the other from Old Trail, told of their trips and summer's spent in Greece and Turkey. The various language groups worked out appropriate skits which were presented. Later they all gathered for refreshments, which also represented the different nationalities.

Monday the juniors had a "day off" while the freshmen, sophomores and seniors attended classes. Juniors went to Mogadore for Career Day. This is a plan by which all the juniors can learn the advantages and disadvantages of various professions from speakers from each field.

All of Stow's Iriahmen were at the Shamrock Hop March 18. Jack Ryan, disk jockey, played records and brought some guest stars. The dance seemed to be a big success.

Proudly announces that it now has three offices to serve you...

3275 Kent Road, Stow, next to the Stow Plaza, Routes 5 and 91
1201 South Arlington Street, Akron, behind the Co-Op Supermarket
2317 Manchester Road, opposite the Akron Baptist Temple
Bless the press

My heart was happy, tra la la.
Now could it really be
A robin singing merrily,
From that maple tree?
Oh, Spring is here, tra la tra la.
I must phone the printer.
His bordon spoke, "Oh yes, oh yes,
They've been here all winter."

Gracious Sakes

Monroe Falls Pipeline

Applications are now being taken at the Monroe Falls Town Hall for a full time patrolman. Those wishing to submit their application may pick up applications from Village Clerk, Virginia Dovy.

Members of the Monroe Falls Garden Club will meet Monday, March 28, at 8 o'clock, at the home of Mrs. George Horvath, 194 Monroe Falls Avenue. Assisting the hostess will be Mrs. Francis Cooper and Mrs. Lowell Bricker. Roll Call will be a Bulb or Seed exchange and members are asked to bring seed catalogs to the meeting. The program will feature Bea Durst with a round table discussion.

The Richard Spence family, 236 Highland Avenue, have left the Village and taken up residence at Windham, Ohio.

Welcoming another new family to the Village, Mr. and Mrs. Ben Meli, formerly of North Hill, Akron. The Melis have built a new ranch home on Northmoreland. Mr. Meli is employed at Goodrich, and Mrs. Meli is in the office of their new home.

Joyce Cockerill, 268 Monroe Falls Ave., celebrated her 13th birthday Saturday night with a Pizza Party. Her birthday was March 21. Guests who helped her celebrate were Vickie Dobbs, Gary Headrick, Tom Miller, Bonnie Holden, Nancy Dobbs and Tommy Evans.

Mr. and Mrs. Daniel Dove of the Village, and Mr. and Mrs. Karl Senn, of Tallmadge, attended the Garden Study Club Banquet, held March 15, at Sperry's Restaurant, Tallmadge. Past presidents were honored, each receiving a beautiful hat corsage. Mrs. Dove was 59 year president.

Mrs. Robert White, 104 North River Road, entertained the Junior North River Club at her home March 15.

The Four Spec's Lead Youth Service

The Four Specs, left, Tallmadge quartet, sang and led services for Stow Missionary and Alliance Church youth groups Sunday evening, March 20.

Methodist Youth Group to Hold Paper Drive

Residents of the vicinity are asked by the Methodist Youth Fellowship group of the Munroe Falls Church to start saving and storing their old newspapers and magazines, which will be collected by the group in the near future. Specific date for the drive will be set soon. Another project of the group is for the 3% rebate being given on sales at any Acme store, from March 26, thru April 9. Shoppers are asked to save their sales slips and turn them over to any member of the group. The youth meet in the Munroe Falls Village Hall every Sunday evening at 7, and all youth of the community are cordially invited to attend. Once each month they enjoy a skating party in Akron.

Rev. William H. Johnson, assistant pastor of Holy Family Church will speak to the members of Circle 7 when they meet tonight, at 8:30 p.m. in the home of Mrs. Kenneth Shira, Adeline Dr. His topic will be "Sin Calls."

Active sports locally are hampered by the weather, but active Booster Clubbers have been unhampered in their current drive for membership. They've slogged through slush and snow with the help of willing high school students, and have gathered over $1300 so far...not counting many merchants' donations, as there hasn't been an opportunity to contact all of them yet.

Stow's track team has been working out - doing calisthenics in the gym and running outside - chiefly working to get into condition, under Coach Walker.

Some of Coach Sloop's baseball team have been keeping in shape by practising basketball. Sonnhalter's basketball team is working well. The boys are able to get in some shooting prior to morning classes and have a more strenuous workout in the afternoon.

The sports picture is looking brighter - Booster success may be catching!

BLOODMOBILE

No Excuse

With all the services provided potential donors, there's no real reason for not helping this cause. So you don't have a car? Taxi committee will come get you and take you home. So you have small children at home? Baby Sitter Service Committee will sit with them for you. A small family is not good enough, or special enough to offer? The doctors will decide for you. Have to go to work? Donating hours are from 1 to 7 p.m. Donate after work! Last spring's drive netted 119 pints from Stow. Population's higher now - the net should grow proportionately.

Call one of the scheduling committee if you want a definite appointment. Otherwise, make a ring around March 29 on your calender, and just walk in. They'll be glad to see you either way.

HOOP AND FOOTBALL COACHES

Bob Sonnhalter

"A well rounded individual should have the opportunity to fulfill his capabilities, both mental and physical," commented Robert L. (Bob) Sonnhalter, when asked his opinion on the place of sports in the life of a youngster.

Sonnhalter coaches basketball for Stow High, besides teaching Psychology, World History, and Geography - certainly a mixture of mental and physical activities himself.

Before coming to Stow High two years ago, he taught four years at North Canton where he was football coach and assistant basketball coach. Previous to that assignment, he taught at Tallmadge and assisted in football and basketball.

Sonnhalter received his Bachelor of Science Degree in Education and played football at Kent State University. He spent 1944-45 as an ensign in the US Navy in Okinawa and the Philippines.

The Sonnhalters have two daughters, Joy, 2, and Jill, 1. Their home is in Kent.

Jim Tyree

Jim Tyree, Stow High's football coach, was active in college sports at Baldwin Wallace where he received his B.S. degree in education. Track, football, and wrestling teams all had "Tiger" on their rosters. Baseball claimed him for a short time with a Cleveland farm team.

Since Tyree's coming to Stow four years ago a higher number of boys have participated in athletics than before. The program has broadened somewhat with the addition of wrestling. Together with basketball, it makes a fuller winter program.

Health and physical education are Tyree's classroom subjects. Keeping in shape during the summers by building houses, Coach Tyree lives in Stow with his wife and two children.

What does fever mean? Average normal oral temperature is 98.6 degrees Fahrenheit. However, healthy persons’ normal oral temperatures may vary as much as 1 deg. F. above or below this average. Furthermore, body temperatures rise from an average of about 97.3 deg. F. at 2 to 5 a.m. to about 98 deg. F. in the late afternoon. Therefore, it is wise to determine one’s normal temperature by taking a series of readings during the day while in good health for comparison when ill. Remember, average rectal temperature is usually about one degree higher than oral.

What is normal temperature? Fever is a gauge of disease. When infection attacks, the body usually raises its temperature. Rapid rising or falling of temperature is a danger signal. However, it is essential to distinguish abnormal from normal variations. Don’t try to analyze any variations of fever yourself – call your doctor, and if you need prescription medication call:

Cub Scout Pack 3175 met March 22, at Riverview School, and a feature of their program was the Pinewood Derby Race, with Cubs making and entering their own car in the race. Charles Conley is new Cubmaster for the group.

Barbara Kusnir, daughter of the Michael Kusnirs, Highland Avenue, spent her nineteenth birthday, March 9, at St. Thomas Hospital where she underwent surgery for an emergency appendectomy.

Your LAST Chance –

Taking a chance may sometimes add spice to your life. But taking chances while driving your car can very easily become the last chance you will ever take. We insure careful drivers who find that it pays — in lower insurance costs and longer life. Don’t bet your life.

Spaght, Covella, Beckley
3367 Kent Rd. OV 8-6614

PERSONALS (cont. from p. 4)

Kathy Hibbard, daughter of Mr. and Mrs. Lorin Hibbard, slipped in her home and sprained her ankle.

Mr. and Mrs. Dayton C. Buck, formerly of Cuyahoga Falls, now of Jackson, Michigan, spent last weekend in this area visiting old friends. When they called on the Jack Knights, they said through their subscription to the Stow Press they keep up with many former friend’s activities reported in our personals column. (Ed. note: Do you know we have subscribers in 15 states besides Ohio, and two foreign countries?) Larry and Denny Peterson, sons of Mr. and Mrs. Walter K. Peterson, 4270 Kent Rd., will arrive home Saturday night for an eight day holiday from their studies at Duke University. They will bring a house guest, Miss Zoe Konder of Detroit, also a student at Duke.

Stow teachers gather in the High School gym to hear Dr. Auburn (insert) tell of his two trips to Russia.

MORE EMPHASIS ON EDUCATION

Stow Teachers Association heard Dr. Norman Auburn, Akron University’s President, speak on March 8, on differences in Russia between his first trip there three years ago and his recent one. According to Dr. Auburn, Russia is a far more formidable foe now than three years ago. Why?

1) Russia places much more emphasis on education now.
2) Khrushchev has given the people a higher standard of living and more freedom than they had three years ago.
3) Because of the Iron Curtain, the Russian frame of reference they can’t compare their situation with ours.

Stow Rotary Club entertained their wives at Ladies’ Night last Tuesday evening at Community Church.

Professor and Mrs. Delmar Olson, former Stow residents, were guests of the evening. He was the featured speaker, telling of his work in the Philippines where he spent several years setting up a pilot model for teachers’ training in industrial arts. He has now returned to Kent State University as director of industrial arts graduate study. Professor Olson’s topic was “The Symbol of the American.”

A great emphasis is placed on foreign languages in Russia. This training begins in fifth grade. About one half of the students choose English as their foreign language. Then, by the time they are of college age, they choose another language. It is usually a language of some undeveloped country. This is done so that the student can then go to that country and tell the people there about Communism.

What’s been going on here?

ST. PATRICK’S DAY BRIDGE

Enjoying a hand of bridge at Holy Family’s bridge party March 17 were (L. to r.) Mrs. John T. Pfeiffer, Mrs. Paul Stitzel, Mrs. Bernie Riedinger, and Mrs. Francis Grover.

Cub Scout Pack 3175 met March 22, at Riverview School, and a feature of their program was the Pinewood Derby Race, with Cubs making and entering their own car in the race. Charles Conley is new Cubmaster for the group.

Barbara Kusnir, daughter of the Michael Kusnirs, Highland Avenue, spent her nineteenth birthday, March 9, at St. Thomas Hospital where she underwent surgery for an emergency appendectomy.

Your LAST Chance –

Taking a chance may sometimes add spice to your life. But taking chances while driving your car can very easily become the last chance you will ever take. We insure careful drivers who find that it pays — in lower insurance costs and longer life. Don’t bet your life.
