LAWRENCE SALTIS PLACES FIRST IN ACHIEVEMENT TEST

Lawrence Saltis, son of Mr. and Mrs. Larry Saltis, 3970 Stow Road, placed 1st in the local school district by scoring 180 out of a possible 200 points in the Ohio 8th Grade Achievement Test, administered to 189 Stow Junior High School pupils, April 5. This test was given to 9,096 students throughout the State of Ohio and covered such areas as arithmetic, science, English and history.

Other students in the top 1% of the State were: Helen List, 174; Judy Chismas, 172; and Lois Jean Berry, 171.

Entered as second-class matter December 2, 1959, at the postoffice at Cuyahoga Falls, Ohio, under act of March 3, 1917.

To writers of letters to the editor:
I am of the policy of all our newspapers to refuse to print letters to the editor which are unsigned. We did accept such letters relevant to the school bond issue, but turned them over to the Citizen's Committee for Education so that questions raised in them could be answered immediately to better inform the public on that particular subject.

Since the election we have received more letters. We would like to print them, and we will do so at the earliest opportunity if the writers will identify themselves to the editor. If you so desire, we will keep your name in the deep dark secret. You have a reason for not wishing your identity to be made public, and we will respect that reason.

Leaves the White Sox to Chicago

Frank Green, our prizeless correspondent, stopped in at STOW PRESS to see our new offices and press. Mr. Green takes a walk every morning down Darrow Rd. While he expounded at length about high school girls, wearing white socks. He believes that he will keep his home in the South unless another color or they will be chosen.

We believe that all the white socks in the USA could be thrown away and no loss suffered except perhaps by the economy of our country. Many manufacturers and bleach companies would have to go out of business.

Used to be that a trim ankle was a much sought-after symbol of feminine pulchritude. Now,.... the dirtier the socks the better they look, the ankle the more the young swain swoons.

It would be a sure thing to convert all mutuals and still win that the Madison Avenue boys that designed the popular white socks were not just at all but thick ankle females, trying to disguise their own aliments.

TO BUY OR NOT TO BUY

by Don Buckley

Statistics from my last article proved to you that it is economically wise to own your own home. Some of the main reasons are: the mortgage interest is deductible from your income; real estate taxes are deductible from your income; pitch payments are cheaper than rent payments for a comparable home.

These following statements will surprise you, I shall attempt to qualify these statements.

1. Buy to the limit of your ability to qualify for the monthly payments.
2. Buy with an absolute down payment.
3. Finance with the longest terms possible.
4. Always use an available realtor for buying or selling real estate.

Rising Prices

Rising prices and rising wages have been the trend since Adam and Eve with short term set backs of occasional war. Economists predict that this trend will continue for an indefinite period. If you do not buy to the limit of your ability to pay the monthly offering for a year average wage increases are received and as your home accrues value is a surprisingly few cents it is nice to get home below the standard you require for your family.

**HIGHWAYS**

By Terry Moore

Tomorrow is the Recognition Day Assembly - 9 o'clock in Stow High Auditorium. Parents of seniors have been invited. You'll hear all about who got recognized and who didn't. Freshmen, sophomores, juniors, this Saturday night at 8 o'clock sharp in Stow High Auditorium Mr. Parke Wayne Cooley and the Stow High Glee Club will open their annual Spring concert. There will be a lot of new "effects" added this year: the singing, staging, dancing, lighting, scenery, and costumes are simply beautiful.

You'll hear a little bit of everything. After several concert-style numbers, selections from "Lil Abner", "Song of Music", "Hans Christian Anderson", and "Kismet" will be sung, along with other Broadway hits. The Girls Choir has worked up the cutest dance under the direction of Jerry Thorpe, accompanist, who is also doing a ballet. The Freshman Chorus has some surprises for you, too.

Tickets are on sale at 50¢ for students, 75¢ for adults, and $1.00 for patrons. They can be obtained at the door. Come early! Word's out - it's going to be a shopping-good show.

The leader of the Girl Scout troupe, Kathy Jeleva and Judy Balke belong to should be proud of her girls. The two girls took it upon themselves to notify neighbors of Mrs. Mildred Hofer of Mr. Hofer's death last week and collected funds for a beautiful floral piece.

Mrs. Hofer wants to openly thank the girls and the neighbors for their generosity and sympathy and hopes some day to meet those she doesn't know personally.

Mrs. Hofer plans to stay on in her home at 3595 Kent Rd. and continue with her dressmaking business.
**STOW SPORTS**

**Basketball Jamboree**

Booster Club "Basketball Jamboree" was a howling success Friday night. The 7th grade schools started it off with a rough and tumble exhibition. The 8th grade took on the 9th grade in another wild one. Sophomores then beat Freshmen in a more dignified contest. The High School Varsity whipped the Senior Y-Teens 9-4 in a thriller. This score was so unusual high because the Y-Teens are girls and the Varsity was wearing 16 oz. boxing gloves. Highlight of the night was the big awarded-for Booster versus Faculty game. It started out as a close one but Booster President Bob Packard was referee and a little prejudiced.

Big moment of the game was when Packard and fellow Booster Mertz Keoki were taken away in handcuffs. But Packard couldn't be kept away. He came back to make sure that the Boosters won the game. They did.

Financial returns aren't in yet but it was a successful venture. There was a full house, Booster popcorn, candy and pop were sold.
