MINISTER'S COLUMN

If you would be wise
Leave the world to its muleishness,
Things to their ways,
And fools to their foolishness.

These lines applied will make strong timbers for your Church building. They are basic principles of philosophy and wisdom. Years ago on the street of my home town a business man was sweeping the snow from the sidewalk in front of his home. It was Sunday morning, a very religious man on his way to church chanced by. Says the religious man to the diligent snow sweeper, "It is Sunday morning, you ought to be preparing for church and not sweeping snow." Says the business man, "Sir, you ought to mind your own business."

A very dangerous man is he that is insistent in meddling too much with the other fellow. A religious fanatic, an extremist, one of wild ideas, always pulls down, and detracts rather than add and builds up. Jesus was severe with the Pharisees, the priests, the intolerant, those that split hairs. In our Community Church in the curriculum and program we avoid the fish bone that would choke sincere seekers of Truth. We do not quibble a mode of baptism, choose for yourself; communion, that is Father's table, if you are His son or daughter, come with us. The New Testament is our rule of faith and guide. Our energy, our interest is for anyone having an inclination toward God, Truth and Church. We believe that Salvation is the mightiest theme of the Bible. We believe that Christianity is the most desirable code of ethics ever spread before the human race. We know that Jesus Christ is the noblest, mightiest, quickening dynamic that ever moved the hordes of men. Now, my friend, if this doctrine appeals to you, then come with us next Sunday.

"Ships sail east and ships sail west,
By the same breeze that blows,
It's the set of the sails,
And not the gales
That determines where they go."

acted. Men—attend Bible School Sunday and get more definite information about this meeting—or ask Will Lodge soon after Sunday.

MEN! WOMEN! BOYS! GIRLS

Be prepared to attend all services on Homecoming Day at the Church, second Sunday in September.

FLOWER SHOW

The Stow Garden club will stage their fourth annual flower show August 29th at the Stow High school. Rules for exhibitors have been announced in the Akron papers. There will be many interesting special exhibits on which many of the committee members have been working hard for some time past. For instance we hear that Will Lodge will have his pet bear, educated Baboon and over 50 birds. No admission charge—though it might be well to bring some silver along in case—.

FIRE!

Northern Ohio Firemens Field Meet and School.

On September 14th some 1,000 firemen and their families and friends will assemble in Stow to absorb information and inspiration so that they may do a better job in fire fighting.

On that day there will be no school. All Stowites are urged to attend as the activities are interesting and educational.

In the morning there will be an address of welcome by Oakley Spaght. Opening of the school by Prof. Stimson of Ohio State University, an Explosives Demonstration by the DuPont Co. and four other equally interesting and instructive items.

The afternoon session will be given over to programs or demonstrations put on by various fire companies including Stow.

The evening session includes Sound Motion Pictures of the Chicago Stock Yards fire, other items, concluding with a grand final spectacle—a reproduction of the Chicago Stock Yard fire.

Thirty-two dollars is what it cost, so we are informed. What? Oh—the repairs which the ladies made to the floor in the church basement.

Now that the ladies have spent their money and started repair work some where near the foundation—the question arises, when and what will the men do about the church. Between the basement and the roof there is a lot that needs fixing, especially on Sundays—MEN, what will you do?

And it was last week that the Ladies’ Guild met at the home of Mrs. Schnee. It is said that they must have had “a powerful good time” at that meeting for (mentioning no names) at the height of the excitement some of them could be heard a block away.

An invisible chicken dinner will be served by the Ladies’ Guild soon—Tickets $1.00 each, good for the whole family.

Mr. Bauder and his wife of Silver Lake, Green House fame, recently attended the World’s Fair at Chicago where they absorbed a lot of ideas on formal gardening.

Lest we forget it—Will Shaffer was responsible for the beautiful bunch of wild flowers in front of the pulpit Sunday—and again Mrs. Edmiston sent flowers, this time Giant Astors.
