Minister's Column
A certain cat spread so much terror throughout the kingdom of the rats that the latter taking advantage of the cat's absence one day held a council to determine what should be done. One wise rat proposed to fasten a bell around the cat's neck, so that the tinkle should give timely notice of the enemy's approach. The idea was very generally received as excellent. But who was to bell the cat? That was the difficulty. Every one declined, not a rat would agree to make the attempt, and the rat convention ended in talk. Something like human affairs, now isn't it? Plenty of suggestions and not much action.

This happens at times by the State Legislature and again with the Senators of the United States. And now does it ever happen in Church Council and Bible School? Now who will bell the cat? There are important affairs in the kingdom of the church for the good brethren to look after. Run your own church brethren, every man to his place. Be responsible for and see to it that your job is well done. Function! And whatever your task is do it, do it better than it has ever been done. If you are door-keeper be the best ever. Usher, yes, be on the job and think of new contacts. Expect your preacher to measure up in the pulpit, faithful with the sick, your spiritual advisor, with you in trouble, a deep solicitude for every Church activity. Leave the minister out of much of the Church's business. Let no one think that it is a piece of small business to run a church. NO, NO, brethren, it takes grace and considerable grit and an occasional greenback. Church activity and accomplishments is one of the finer arts. Be proud, sir, for the privilege that you are counted worthy before God and man to be a partner with the King and the people of His Kingdom.

GEO. M. HULME, Minister

HOME COMING DAY TO BE OBSERVED SUNDAY

This coming Sunday—new comers interested—former members from foreign parts—all back sliders who have not been at church for weeks, months or years—and all the present attendants like Mr. Lodge who have not missed a Sunday in years except on rare occasions when it was necessary to be.

ALL YOU PEOPLE—take notice—come to Community Church Sunday at 9:30 A.M. and stay right through Bible School, Church, Mashed Potatoes and Roast Beef—an afternoon service at 2:30 when old time memories will be revived by the Old Timers and then at 7:30 P.M. in the evening a Musical Service. One big day full. Put your church first on this Lords Day—you will not regret it.

On this day to those who so desire there will be given an opportunity to unite with the church. We hope a number of the friends of the church who have been attending right along and who are not yet members will take advantage of this opportunity—COME TO CHURCH SUNDAY!

COMMITTEE APPOINTED
Mrs. C. M. Woodring, Mrs. Harry Osman, Mrs. H. J. Stockman and A. F. Stein were appointed as a committee to help feed the hungry multitude expected this Sunday on Homecoming day.

Roast beef and potatoes, coffee and cream will be supplied at the church. Those who can will bring their own table service, and other eatables such as pie, cake, bread, butter, fruit, etc. (same as on church nights).

MEN’S CLASS MEETING
Last Friday evening members of the Men’s Bible class met in solemn (?) assembly at the home
of Mrs. R. E. Howard, Hudson road. The Minister was unable to be there—reason—he had to practice for his daughter's wedding. Others absent failed to send their regrets or reason for being absent. However, those present did very well. No minutes being taken at the last meeting, therefore, same were approved. The minister's article in last week's paper was read and discussed. W. V. Smith and two others were appointed on a committee to carry out the men's part of the plan of action outlined in above mentioned article. This we hope will go over better than it did last year. Plans for Homecoming Day next Sunday were discussed. Among other things it was decided how and what the ladies should serve.

relatives for dinner last Sunday, in place of the expected twenty reported in this sheet last week.

Mrs. Sam Friend was sick last week so it was impossible for her to go to Cleveland last week as planned.

We hear Dr. Crichton and family attended the air races Monday. Hamburger sandwiches the size of a silver dollar, thrilling races, a terrible traffic jam, home very late—that’s the story.

Mr. and Mrs. Presley who live near Medina have been visiting their daughter Mrs. Nichols of Baumgardner road.

Mr. H. C. Lowe is spending his vacation this week in Pittsburgh and West Virginia.

Mr. and Mrs. Chas. McCracken and Lois, formerly of Williamson road, have moved to 47 North Forge street. They are now neighbors of the Judys.

Mr. Lodge in putting up his exhibit at the Flower Show last week made 19 round trips between Silver Lake and Stow in order to transport the necessary material. Only three trips were required to carry the exhibit home. Incidentally Mr. Lodge states that some of the birds in the exhibit were nearly 60 years old.

The Sammers, West Arndale road, spent several days of last week along the shore of Lake Erie. On a card from Put-in-Bay Howard told us he was having a good time but that the “water was ice cold.”

Mr. and Mrs. F. R. Bishop and their daughter, Miss Betty Jane of Hiwood road, are vacationing this week. The first stop was at Muncie, Indiana, then the Chicago Exposition, and lastly, some place in Michigan where fish are to be caught.

Miss Jane Dibbon of West Arndale road spent a few days recently visiting her aunt and uncle Mr. and Mrs. Dantel, Streetsboro road, Hudson.

Mrs. W. K. Delahunte of Grand Rapids, Michigan has recently been visiting her mother Mrs. C.

A. Thomas, who has been ill for a
time, said illness being due largely
to an overdose of dental work.
And if we are not mistaken it
was Mrs. Thomas’ small grand-
son who one day, observing Mr.
Osman with his Ford all apart,
remarked the next day to his
grandmother after seeing the car
assembled, “That man made a car
out of that pile of junk he had
down there.”

Mr. and Mrs. Joe Fischer who
were nearly blown away by the
wind besides nearly freezing to
death at Cask Villa, some two
weeks ago, left this last Satur-
day at 11:30 p. m. on the Wonder
Daker Special Train for the Chi-
cago Exposition, where they re-
port it rained from the time they
arrived until the time they left.
They got back Tuesday at 3:00 a.
m. ready for business as usual.

Mr. and Mrs. Vial and son Fran-
cis left at 4:00 a. m. last Friday
for an over Labor Day visit with
relatives in Buffalo. June who has
had more than her share of vaca-
tion this summer was left at home
to take care of the house and the
white rat.
The Wayside Gardens, Kent
road, now have a supply of wild
flowers such as pink and yellow
lady slippers, herpaticas, cretodia,
etc.

Mr. and Mrs. Milford Hissem,
Ritchie road, attended the air
races over the weekend.

Visiting Mrs. R. E. Howard over
the weekend holiday were Miss
Emma Smythe of New York City,
Mr. and Mrs. Harold Smythe and
son Donald of Buffalo, N. Y. and
Mrs. C. M. Dutt of Akron. All
visited McKinley’s Tomb at Can-
ton on Monday.

Did you know that when the
church was first organized the la-
dies used to serve supper each
Thursday night and that the late
Mrs. William R. Lodge never
missed a Thursday night in five
years.

FIREMEN'S FIELD MEET AND SCHOOL

To be held Friday, September 14th from early in the morning until late at night. Firemen from all Northeastern Ohio are expected as visitors. They will come from Medina, Garrettsville, Macedonia, Cleveland, North Canton, Lakewood, Shaker Heights, Barberton, Akron, Cuyahoga Falls and numerous places. One thousand or more are expected and if their families attend the crowd will be great. Some have asked the question, "Can we go too?" The answer is yes. School will be dismissed on that day and every one is invited to attend.

What will the firemen do when they get here? We have been told that they will demonstrate ladder work, small hose lines for fire fighting, large hose lines for fire fighting, methods for extinguishing oil fires, salvage work for protection of furniture, fixtures, etc., life saving, rescue work, poison gases, first aid, hazards of fires, and then there will be sound pictures showing in review the Chicago Stock Yard disaster and major fires of 1933 and 1934. There will be an address by T. Alfred Fleming, National Board of Fire Underwriters, New York City.

Some have asked "Where will they park their cars." We are informed the grounds surrounding the old school building will be used for this purpose. Who will
Fresh Flowers and Floral Art
INEXPENSIVELY
SILVER LAKE GREENHOUSE

feed the multitude? We have heard that the Ladies’ Auxiliary to the fire department did intend to do this, but have encountered some unforeseen difficulties. Not wishing to interfere with their plans, we, however, will make the suggestion that the Ladies’ societies of the Church of Christ and the Community Church might be able to help out in this difficulty. It would be too bad to get a bunch of hungry firemen, wives, friends and sweethearts in Stow and not give them anything to eat.

The committee in charge of the day’s activities are Fire Chief Frank Vernotzy of Akron, Chief Donnelly of Lakewood and Captain Lou Seiller of Cuyahoga Falls. The whole program is sponsored by the Stow Fire Department and will be financed by concessions at the field.

Stow attained this firemen’s meet through the influence of the above committee and if successful it will mean a great deal to Stow in the way of favorable advertising. Let us hope that it doesn’t rain on that day and let us all who possibly can help out with our attendance.
