MINISTER’S COLUMN

What does the church stand for? Anything in particular? Is the community much wrought up about the program of the followers of the Great Teacher? Does the church just go along in the common place way, droll, stubborn, uninteresting? Is our energy spent in running our machinery, stringing a few fish and giving much time and attention to the curriculum of the church?

Come, Brother, what do we stand for? Baptism, Communion, or is it the high-days in Zion? I condemn none of the fundamentals and orthodox teachings of the early church. But, sir, I declare, without qualification, if that is all the church stands for in this new era, our days are numbered and we are found wanting. The church is a farce and a dead contact when it ceases to function for the glory of God and as a Kingdom builder in men’s lives. The churches in this world must unite, merge and forever quit riding the sectarian hobbies. United we stand and live, divided we fall and die, and that’s only what we deserve, it’s only reaping what we have sown.

The church must light a new light, quit preaching that we must go back, look ahead, brother, go forward. If Jesus Christ is dead, if there is no power in His name, then let us pack up and perish. However, if Jesus Christ be God and He lives within then let us rise to the issue and build a new and better world. Let us start in Stow, cross out three-fourths of the old church tenets, customs and notions. Come, now what do we stand for? A group of saved people with His spirit urging us on. Organized to build immortal character, to show, by example that Jesus lived. We stand for a live church, a holy life, a house of prayer, a boon of activity for bringing cheer, good-will and timely human aid to our needy. We stand to do, to be, to see, to hear, to go. We are God’s minute men. We declare that every mother’s son and daughter shall be active, everyone using their talents, no drones, no nominal human baggage to be carried. We stand for a new day, a new church, a new hope, new contact, and new life within. The sick, lame, and lonely, the poor and destitute must be cared for. The drunkard, the thief, the bad man must be warned and entreated. We dare not neglect them. The children, the wayward youth, the pleasure seeking who forgets God must be contacted and plucked from the destroyer. I appeal to the people of Stow, quit this formal Christianity.

SUNDAY EVENING MUSICAL

For the past month or more Mr.
A. J. Kurinsky has been directing
our Bible School Orchestra at
Wednesday evening rehearsals. The
improvement in their playing has
been marked and while they are by
no means perfect we will have to
admit they are good. Accordingly
it has been decided to hold a Mu-
sical Sunday Evening Program the
second Sunday night in each
month throughout the summer.
This will give the orchestra and
other church musical organizations
something to work for and at the
same time we hope the people will
be generous when the collection
plate is passed so that it will be
possible to purchase new music and
other items from time to time.

Keep it in mind and attend.
Sunday evening, June 9th, 7:30 p.
m. at Stow Community church.
