Do you want a great church? If so, why? If you sincerely desire a great church you may possess it. By a great Church I mean a Church large in membership, mighty in deeds, wielding a sweeping influence for good miles from its doors. A great Church is one that conquers her foes, climbs over difficulties, lives Jesus before the world, is thoroughly organized, functions in every department, sends a stream of light along the way of life. A great Church is aggressive, strikes new contacts, is combative where sin abounds, is tender, merciful and finds a hand where trouble is found. By a great Church I mean a living, acting, vital human organization, strong in numbers, moving as a unit, inspired by the fact of Immortality. The burning zeal being the Kingdom of Christ on earth, and the building within of qualities that never die. Come, then, do you want a great Church? A Church of one thousand members, if so, why? I will tell you why. Because every Church ought to be great, as every life ought to be great.

What excuse for a sickly Church, one weak, half dead, dependent on charity, cheapening the cause of the Almighty, a joke and a by-word to the passing throng? Make the Church strong. Command respect. Be proud not of poverty nor weakness, but be lifted up because you are of Divine origin, you are the Diety's representatives in a sin-cursed world.

Every community ought to boast of a mighty Church. Now, do you want a great Church? Come, brother, come then to Church. Come early, sit up front, join heartily in the singing, quit dodging home at the close of Sunday School, hear the preacher's message, that is if you want a great Church.

Take stock of your own talents, decide where you may fit, just harness in and go to work. Be a worker. Attend your Church's business meeting, seventy-five per cent should be on hand, that is, if you want a great Church. Forget not Prayer Service, one-half of all church leaders need that repair shop. Boost the preacher, boost the choir, boost the Sunday School orchestra, be enthusiastic about the man's study class, off with your hat to the women, encourage the boys. Hear me, brother, do you want a great Church? Then be honest with your own soul, find the deeper joy of the Church life. Plan and have a great Church? Then be honest with your own soul, find the deeper joy of the Church life.

ANNOUNCEMENTS

The Darrowville Grange will be our guests the last Sunday evening of this month, i.e., a week from this coming Sunday. A program of special interest is in the process of being arranged. It is quite probable there will be a special male quartette, also the Men's Chorus, and the orchestra will play an opening number if it is so desired. Rev. Hulme will speak on "The Haunted House." That sounds interesting. It will pay you to make a special effort to attend this meeting.

THE MINISTER'S THREE MINUTES

Rev. Hulme in his short talk near the close of the Bible School last Sunday told us about the Four Wonders of the Bible.

First—the Bible asks and answers the profoundest questions of the human soul, such as: Where did we come from...go to...why this thing called sin...death...God.

Second—The continuity of the Bible—Sixty-six books in the old and new testaments...40 authors...written over a span of 1600 years.

Third—The indestructability of the Bible...its literature...its stories—its characters.

Special held last Friday evening. Of this number Harry Osman sold 120. Mr. John I. Gromo of 163 N. Marcella Avenue, who was ill in the hospital last week, is now at home, somewhat recovered in health.

Patriotic Youth of America held a picnic Wednesday at the Conways on Adeline Drive. This was to help Mrs. Conway celebrate her birthday.

Mrs. Martha Martin and her son Elmore Mullins, who used to live on Maple Road, Stow, have moved into the third house on Hill Road, Munroe Falls.

Sixteen girls from Mrs. Cross's Sunday School class piled into Mrs. Bishop's Ford and Mrs. Cross's Ford last Friday and went on a picnic at Metropolitan Park near Cleveland. The girls report having a good time.

Robert Long of 152 Oak Road, this year's Stow High graduate, is working for E. M. Guise this summer. He will take up the study of bookkeeping at Actual Business College in Akron this winter.

Bud Monteith is learning to be a farmer this summer on a farm near Seville, Ohio.

Swift and company have closed up shop in Akron and as a result Mr. Bratton, Uniondale Road, has been transferred to Cleveland. At present he is still living in Stow, getting up at 2 a.m. each morning in order to get to work on time.

Visitors at the C. M. Woodring home last Saturday were Chester A. McCahan and wife from Poughkeepsie, N.Y.

Levi Moyer left this week with his grandson, Russel Houck, for a week or ten days visit in New Castle and Meadville, Pa.

The solo by Eloise Zircle last Sunday morning at church was much enjoyed. Perry Schnee and Chas. Trommer were also to have

favored the congregation with a duet, but Trommer says the train was late, so he was not there.

Ben Harris of the Harris Farm on the Munroe Falls road has a new Plymouth.

Erratum: There were several mistakes in last week's paper. The paragraph about A. J. Klein on Klein Ave., etc., should have been A. J. Maxwell on Klein Ave., etc.

Also it was Mrs. Friend's birthday in place of Mr. Friend's that was celebrated last Sunday. Then the letter at the last was from James Cross who was at that time in San Francisco, Calif.

The stove ad for the Stow Hardware should have stated that 115 heaters had been sold in place of 114.

Foster Young left last Sunday afternoon for Fort Knox, Louisville, Ky. He is a captain in the R. O. T. C. and will spend his two weeks vacation there doing military work. Mrs. Young is leaving this Friday to be with him at Fort Knox for a short time.

Miss Marjorie Valentine, daughter of Mr. and Mrs. H. E. Valentine, 131 Hudson road, was united in marriage to Dr. Arthur C. Laishley last Saturday at Canton, Ohio. They left immediately on a trip to Washington, D. C. On their return they will live in Canton, Ohio. Dr. Laishley will continue his dental work in Stow being at his office each evening.

Mr. and Mrs. C. V. Shakespeare last Sunday visited Mrs. Kenneth Gage, formerly Miss Pearl Klinger, at Geneva, Ohio.

The expectations are that there will be three more gas wells put down soon on the Harris farm, and possibly one at the Fox farm or at the County Home on the Munroe Falls road.

They used 76 quarts of nitroglycerine to blow the first gas well which was stopped at a depth of 4080 feet.

A progressive dinner with the cocktail in Akron, the dinner at Motor inn, Cuyahoga Falls, the salad in Kent and dessert at the home of Mrs. Dietz occupied the attention of Stow Music club members last Saturday evening. There are about thirty active members in this organization.

On Friday evening, June 28th, there will be a band concert and ice cream social on the Community church lawn. This affair is sponsored by the Stow Band Association. The proceeds or profits will go into a fund to purchase uniforms for the band.

Mrs. H. L. Olson, Munroe Falls road, can be depended upon to bring home the blue ribbons from flower shows. Her floral arrangement for the Stow club entry at Hudson won a blue ribbon and she also received a lovely copper pit-
cher for winning first place in Specimen Entries at the Akron Garden Forum Show at O'Neills last week.

Some folks in Stow seem to think that Munroe Falls will expand some day and make either the Kent or Graham roads their northern boundary line. On the other hand the folks in Munroe Falls claim to be very well satisfied with their present boundary lines. However, there is now a movement on foot in Munroe Falls to withdraw from Stow township and to form a township of their own. This it is said will save the taxpayers of that village a considerable amount of money and probably at the same time increase the taxes in the remaining part of Stow township.

Another letter from James Cross—Tuesday, June 11th, 1935, San Rafael, California—Dear Mom, Dad and Betty: I am surprised to hear that you received no word from me. I sent you a letter from San Francisco as soon as I arrived, also sent you a card three days ago.

I am at Pete and Millie's (relatives) having a swell time. We went to a movie last night, saw Jean Harlow and William Powell in "Reckless." You should see it.

Pete is sure a typical old German. He must have his beer and

I have been all over the flying field here and find it very interesting. It has cost the government five million bucks so far and they are still working on it. I, of course, spend lots of time at the radio station here at the field. Am leaving tomorrow. I intend to go to Salt Lake City, Utah and then to Chicago.

Mom, you worry too much. I admit that I haven’t written enough, but I hate to write so.

THIS PAPER

Events which have transpired within the last few days have caused the Editor, Business Manager and what not, to decide to discontinue the present method of distribution of the Community Church News. Here is just one of the “events” that have caused us to decide this way.

UNITED STATES POSTOFFICE
Kent, Ohio, June 17, 1935
My Dear Sir:

My attention has been called to the fact that copies of “The Community Church News” are placed in the Rural Mail boxes, in violation of the Postal Laws and Regulations, and also I believe that our carrier has informed you as to this violation.

If these papers are found in the mail boxes in the future, our carriers will gather them up as required, and the postage will be charged.

Please permit me to suggest that the persons distributing these papers be informed so that it will not become our duty to collect same.

Sincerely yours,
Leo A. Bietz,
Postmaster

SILVER LAKE FLORISTS

Now in times past those distributing our papers have tried to deliver them at the door, but when you place a copy at each of 1100 to 1150 doors it requires entirely too much work, though the larger portion of the papers are delivered that way. And there are people who don't like to have the papers blowing around the yard and have asked why they could not be placed in the mail boxes. Then there are a few who do not care to be bothered with the paper at all. Some have said it was "stupid," "too much advertising," "too flowery," "hick town stuff," etc. However, for each one that has made the above type of remark there have been dozens who have expressed their appreciation and interest and desire to receive their copy each week.

Accordingly we propose to discontinue the present method of distribution and if possible obtain a permit and send the "Community Church News" through the mail, only, however to those who may desire, or who do not object to receiving it. To send a paper through the mail the post office requires that there be subscribers. Therefore there must be subscribers obtained for this paper if it is to continue. With this issue we shall enclose a card which if sufficiently interested you can fill out and mail to the Editor, Box 191, R. 3, Kent. Unless there are sufficient subscribers obtained the paper in its present form will be discontinued.
