A preacher who advised a drowsy hearer to take a pinch of snuff occasionally to keep him awake, was advised in his turn to put the snuff in his sermon.

"My heart is with the ocean," sighed the poet, thin and pale. "You've gone one better," gasped his friend who clutched the rail.

The man had just informed the Pullman agent that he wanted a Pullman berth. "Upper or lower?" asked the agent. "What's the difference?" asked the man. "A difference of fifty cents in this case," replied the agent. "The lower is higher than the upper. The higher price is for the lower. If you want it lower, you'll have to go higher. We sell the upper lower than the higher, in other words, higher is lower. Most people don't like the upper, although it is lower on account of it's being higher. When you occupy an upper you have to get up to go to bed and get down when you get up. You can have the lower if you pay higher. The upper is lower than the lower because it is higher. If you are willing to go higher, it will be lower."

An Irishman was sitting in a station smoking, when a woman came in, and sitting down beside him, remarked: "Sir, if you were a gentleman, you would not smoke here." "Mum," he said, "if ye was a lady ye'd sit farther away."

Pretty soon the woman burst out again: "If you were my husband, I'd give you poison." "Well, mum," returned the Irishman, as he puffed away at his pipe, "if you wuz me wife, I'd take it."

They were strolling through the orchard. The moon was shining, and the night was still save for a rustle of wind through the tree tops. "Oh, Percival," she said, "hear the tree sighing." "If you were as full of green apples as that tree is you would sigh, too," said Percival.

How does water get into the watermelon? The seed is planted in the spring.

"Did the doctor know what you had?" "Seemed to have a pretty good idea. He asked for ten dollars, and I had eleven."

Why are pianos noble characters? Because they are grand, upright and square.

ANNOUNCEMENT

On account of so many taking vacations the musical which the Community Church Bible School Orchestra, and those who so ably assisted had expected to put on this coming Sunday evening has been postponed. However orchestra practice on Wednesday evenings at 6:00 P. M. or as soon thereafter as it is possible to start will continue. Sixteen members were out for practice on Wednesday of last week. Incidentally a picnic or excursion sometime in August to Cedar Point, Sandusky, or some other distant place is being planned for orchestra members in good standing.

There is an old saying—“Children should be seen and not heard.” It would not be a bad idea if some of our older children in Bible School would remember the latter part of this axiom at least while the teacher is teaching, or the orchestra is playing.

This week and next H. J. Stockman, so-called editor of this paper, is taking a vacation—of a sort. Therefore, it is probable that the personal items, or whatever you call them, will be brief and less numerous than in some previous issues. Read the ads.
