REVIVAL — NOV. 3, TO 17

"O, Jehovah, Revive Thy Work In The Midst Of The Years."
The old prophet looking across the Hebrew Kingdom and this was his prayer. Habakkuk 3:2.

The word, "revive," means to animate, to re-awaken, a renewed interest, to refresh, to bring back from a state of neglect.

The deeper meaning of the word, revive, is implied in the fact that we organize for a revival, the bold fact stares us in the face that we evidently need a revival. We have neglected, we have weakened, we have failed, therefore, we confess our shameful indolence, we beg forgiveness of our Heavenly Father, we purpose to renew our vows, to consecrate ourselves anew. Yea, we pray the prayer of the old prophet. "O Jehovah, Revive Thy Work In The Midst Of The Year."

Who in Stow finds a deep and lasting joy in their religion? Who finds in their religion Life's richest investment? Now, just who lives to the limit of their spiritual privileges? Come then, my friends, let us be revived. No alibi now and let excuses be gone. Come, enrich your soul at the altar of God.

Rev. C. C. Maple of Elyria, Ohio, evangelist and Bible teacher, nationally known, will preach at Community Church, Stow beginning Sunday night, November 3rd to November 17th.

A gospel singer will co-operate in the meeting beginning Monday night November 4th.

EVERYBODY IS INVITED.

QUESTIONS AND ANSWERS

What did Paul mean by "caught up with the third heaven?"

This scripture is from Second Corinthians 12:2. Paul here gives a word picture of his own experience—probably the most outstanding vision of his whole life. In the Jewish teaching of Paul's day, the first heaven was the clouds, the second was the stars, and the third was beyond all human vision—the seat of divine glory.

Spiritually, Paul was advanced to a stage beyond any previous experience. Again Paul was so absorbed in the wonders of the spiritual realm that material things faded and became dim and uninteresting in his glorified state.

Does the revelation of God's love make the doctrine of hell incredible?

To answer glibly, yes, it certainly does. However, a study of other aspects of the subject would modify or completely change the first impression. Punishment and reward are fixed laws of human life. No man can escape their exacting toll. Punishment is not an affliction of an austere God, but rather, it is the result of the human choice.

If your moy at school in spite of all warning and advice, neglects, trifles and idles, the chances are 19 to 1 that failure and sorrow will be his lot.

Frank Green tells us that according to old township records the first township officials were elected in 1811. And the minutes of ancient township meetings record how the trustees used to send the constable to undesirables giving them thirty days notice to get out of town.

Mr. and Mrs. Kenneth Gage of Saybrook, Ohio, were weekend visitors at the home of Mr. and Mrs. C. V. Shakespeare, Munroe Falls. Mrs. Gage was formerly Miss Pearl Klinger of Stow. It was Mrs. Gage who sang the beautiful contralto solo for us Sunday morning.

Those who celebrated their birthdays last Sunday by contributing to the birthday fund are as follows: Mrs. Frank R. Bishop, Jane Henderson, Mona Shuman, Eugene Lowe, Ned Brenner and Ruth Ilene Monteith.

Erratum: Mr. Frank Green corrects us. The town hall in place of being built in the eighteen forties was built in '1868. This was the year Frank Green was born.

TO THE CITIZENS OF STOW TOWNSHIP

The Stow Volunteer Fire Department in appealing for the passing of the Fire Department Bond Issue, wish to call attention to the following facts:

Through the efforts of the members and through the subscriptions and donations made, the department is now recognized as one of the best volunteer departments in the state of Ohio.

Over $6000.00 has been raised and spent to date, as payments on equipment and building, salaries of two drivers, insurance on equipment and members, electric current telephone service, heat, chemicals, supplies and what not.

By the passing of the Fire Department Bond Issue, it will be possible to pay off the still outstanding indebtedness of $5000.00, continue the good work already started and put the cost on a more equal basis by having every one pay his share.

In Stow Township alone during the year 1934, there were 49 fire calls at which 703 hours were spent in fighting fires.

So far in 1935 there have been 28 fire calls at which 416 hours have been spent in fighting fires.

The members, with the exception of the two drivers, donate their time and often ruin their clothes in order that the township may have proper protection.

The passing of the Fire Department Bond Issue will not provide for additional equipment, but will be the means of paying for the equipment now in use, and the continuance of the present service.

Your vote is needed, as it is necessary that the bond issue pass by 65 per cent of the votes cast.
