The Community church at Stow is committed to a revival. That is, they have set this time, the first two weeks in November, to meet each night at the Bethel, to invite their friends, to set aside every object that might retard the progress of a spiritual awakening. No church can have a true and wholesome revival without paying the price. It will cost you your best efforts—your time, your prayers, your thoughts, and your solicitude for others. More than that, it will cost a thorough, renewed consecration and adjustment to spiritual forces. A group of hypocrites never had a spiritual revival. The soul must purge itself of worldliness, of carelessness, of hate, of evil speaking, evil seeing, and evil hearing. The church must first be wrought upon must be of one mind, must have a singleness of purpose—the salvation of men, and the glory of God.

A revival gives opportunity for sober reflection, a time to remember your maker, to reflect on your own calling and election. It gives opportunity to meditate on the doctrine of immortality, and to prepare for the great beyond. Come from the bustle and dine of the material. Come to the house of prayer, of song, of worship. Come meet neighbor and friend, pilgrims on the same great journey to the grave, out and on, past the shadows, and traveling through the night, when the morning breaks and shadows flee away.

Come over and help my Christian folk. Say not unto yourself that you are a member in some far off town or that your creed has qualifications. The world is drunk with crime, loathsome with wickedness, on fire with war spirit. Humanity is restless, crushed with depression, lonely and estranged to God. No time now for excuses. Duty calls. Come then, line up with the good folk of your own home town. Be numbered on the side of the conviction of truth. Join with this mighty spiritual urge.

What is our christian duty, according to the bible, in tithing and supporting the church?

Tithing means to pay a portion of one's income for the Lord's work. 1-10 was the ancient law. Tithing is one of the oldest customs of the race. Long before the Mosaic Law was in force tithing was a law, not alone with the Jews but with other races. There was tithing of sheep, cattle, grain, money, etc. The toll thus gleaned in the olden days supported the worship and paid the priests. Tithes from the people was pay for the king. Tithes again cared for the poor and supported charities. Invariably there was free will giving, in addition to tithing.

However, it is said that we today are not under the law but under grace. Granted, and under grace dare we give less than they gave under law? Under grace your instructions are: "Upon the first day of the week let every one of you lay by in store as God hath prospered him." (1 Cor. 16-2).

The church is poor because the people neglect and refuse to carry on in the Bible way. There is NO method known among men so satisfactory, so just, and honorable as tithing. The church is impoverished because it disregards God's plan, and seeks to raise funds in every conceivable way except the right way, which is by tithing.

Your christian duty is to take one penny out of every ten, and dedicate that penny to God. Try the Bible plan, my brother, you will be prospered and you will gain much and grow rich in spiritual values.

Shame on all churches tottering under the burden of debt! How long are you paying for your car, your radio, your cigarettes, or your home? Come across, my brother. Render unto God the things that are Gods. Your testimony in the church will then have a true ring, and the cause will cease to be made cheap in the eyes of the world.
