PROGRAM FOR THE TABERNACLE

Sunday morning, the 11th of July, the annual Children's Day Service will be held in the Tabernacle, this was the voice of the Sunday School in session Sunday morning, June 27th. With a hearty cooperation by everyone interested, plus the impetus of a great Tabernacle reinforced by a special program, this should be the largest gathering in the history of the Community Bible School in Stow. To this end let us labor.

If the electric wiring is complete the evening of the 11th the minister will preach an evangelistic sermon, the first in the new Tabernacle.

Sunday morning, July 18th, has been set for the Dedication and the beginning of a Revival Meeting. Dr. O. A. Newlin of Winona Lake, Indiana will be the Evangelist, his daughter, Ruth, will accompany her father and will preside at the piano, will teach choruses, etc.

Dr. Newlin is a veteran in the evangelistic field, a fine, clean-cut, noble preacher of the Gospel of Christ. Dr. Newlin is given a place in Who's Who In America. I have been acquainted with Dr. Newlin for thirty years. He has my personal indorsement without any qualifications whatsoever. Dr. Newlin is safe, sound, true to the Word. No clap-trap methods, he does not run a show, but has dignity and power, he has a message, he will win you, you will like him. Dr. Newlin will be a spiritual uplift to Stow.

The people will come to his meetings and declare it a profitable and a happy hour service.

Readers of this paper come and enjoy with us this great blessing, this meeting in Stow. Members and friends broadcast the word the Tabernacle functions in Stow, a meeting begins July 18th, a great preacher and leader is with us. Come along and we will do you good.

Our own Mr. Swanson, a teacher of music and a competent song-leader, will have charge of the singing. Mr. Swanson is a man of ability and has had wide experience as a leader of singing.

Then our orchestra leader, Mr. Maxwell, a professional musician and liked by all our people, pledges his support and hearty cooperation with the orchestra.

These two key men are powers in Stow to advance the meeting, they are well advanced in their professions, they are consecrated and committed.

Keep in mind this is a community effort, a community church, non-sectarian, it is the merge of many denominations, creeds are forgotten Christ is to be exalted. God glorified, encouragement and blessings and hope will be brought nigh for all the people. No one is excluded, everyone is invited, regardless of color, caste or creed, you may come and share with us in the blessing, you will not be offended, insulted or made fun of.

However, we feel that by your coming your vision of spiritual values will be clearer, Heaven will be nearer and God will be made real to you.

I contend that Stow, that Summit County, that the whole world needs an awakening. Would to God that the fires of regeneration, of righteousness, of good will might be kindled everywhere. Say not unto yourself that this program is antiquated and obsolete. No no, the needs of mind and heart and soul are identical, and the tide of the years alters not the thirst for values that are eternal.

carries out the details of a definite plan. Secondly, it shows that God works with men in their way as well as his own. When Moses made the mistake of killing the Egyptian God did not discard him. Instead he transferred him to kindergarten in Midian. When he appeared to Moses in the flaming bush He told Moses he had been chosen to carry out a definite plan. Moses reply in substance was, "Why pick on me. Aren't there many others better qualified to do the job. I stutter too much any way."

God carefully explained to Moses that he would take care of his mouth, that he had nothing to fear that he could make him eloquent, but Moses persisted in his excuses. This characteristic is found in so many of us today. Assign a job and you will have three men out of five tell you why it cannot be done, or that it should not be done, or that the pay is not enough, or that they are otherwise engaged. One of the other two will go to work after asking many questions and only one out of five will start immediately and finish the work with dispatch and dexterity. When Moses got so impossible that he could not do the job God's anger kindled against Moses and He suggested he take Aaron along to do the talking. My what trouble that man Aaron caused Moses! How much better it would have been for Moses had he had faith in God and the resulting strength to have answered something like this, "You put the words in my mouth and as long as I have any breath in me I will get them said some way. Oh! I am so glad you have chosen me. I'll give you everything I've got and the job will be done just as you want it done by your help."

Please feel welcome to come to Bible School next Sunday and discuss this lesson with your neighbor. There are so many practical lessons in the life of Moses because he made so many mistakes. He lacked faith when he should have had it. This is a common weakness in so many Christian men and women today.

bers is one of our teachers in Stow. Folks of Stow wish them much joy and happiness in their new home.

In last Sunday's sermon Rev. Hulme gave three reasons why we have hope of success in our efforts for a church at Stow. They are:

First: We want a church.
Second: We will pay the price necessary to get a church.
Third: We are farming the field.

Those in charge of the Tabernacle activities are: Mr. Swanson, choir; Mr Otis Maxwell, orchestra; Mr N W Biggs, devotional and personal work, Ladies bible class, decorations Nothing left for the minister to do?

There were many visitors in Stow over the last week end, also there were many Slowites who took trips out of town over the weekend holiday. Since the editor spent a very quiet day on both the 4th and 5th, not attempting much in the way of news gathering, the personal items are brief this week.

Sunday, July 4th, there was displayed in the Munroe Falls Village Church a 12 foot flag with a bit of a story. In the Hayes and Tilden campaign so hotly contested in 1876 the Republicans put up a 115 foot pole with a flag on the main road in front of the place where Julia Cowan lives now and also then lived, her father being one of the Republican leaders. Over night the Democrats spliced a pole ten feet longer and ran up a larger flag. The flag displayed was this same Democratic flag preserved in the care of prominent Democrats, first by Michael Eble, father-in-law of the present Conrad Happoldt who died in 1893, later in the care of George Wolf. Before Mrs. Wolf died, about two years ago, she entrusted the flag to Allen Sprigge who displayed it Sunday. The flag has 38 stars and is in excellent condition.
