WHAT ARE YOU HITCHED TO?

Our old horse was always hitched to something, probably that is the common lot of a horse, sometimes to a buggy, a wagon or a drag. A drag was a favorite hook-up for our horse. We hauled stones on the drag, wood on the drag, water and what-not.

I have met many folks since the day of the old horse and the drag. However, I find most everyone is hitched to something. If they can't find a drag or a wagon or plow to tie up to they will deliberately tie up to a tree or hitching post and stand, stamp, kick and switch flies.

I will admit there is something worthy in being hitched to a load that needs to be transferred from one place to another. I know too there is a lot of little business in being hitched to stamp and lash flies.

It is good to go to town or turn the sod for corn or drive to church. If I were a horse I would kick, bite or run off rather than just be hitched. Many's the poor old dobbin that lives and dies never gets any farther than just being hitched.

If I were a horse I just wouldn't stand it, I'd kick the end of the barn out, I'd leap the fences and run to the County Fair. I would whinny for action, I would advise the world that from henceforth I would be particular where I was hitched.

Homely philosophy you say, but it's O. K. if I take your measure. So come now. What are you hitched to? It may be your business that probably keeps you pretty close, I never see you at church, hauling stones on the drag, just back and forth, hooked to a drag. A business that dog trots a man between home and work, back and forth, no time or place for soul or mind or pleasure is not a business, it's a drag.

So, friend, what are you hooked up to? Habit? Too bad, can't quit, I am sorry for you. Yes, it's the old time hitching rail where the flies dart and bite. It's better to be free, break loose, my friend, get rid of the drag.

What are you hitched to? Come along, my church, are you still prodding along hitched to a drag or are you tied to a hitching post? Switching flies and stamping the ground is more fretful than spinning along the highway bound for the city or off on important business.

Good folk, plenty of them both in and out of the church, are hitched up to some drag, such as, worldliness frivolities, dissipation, laziness, Sunday golf, an inferiority complex, a silly delusion or one of the fifty-seven other varieties.

Many a poor soul is domestically or religiously yoked to a drag or tied to a stump called prejudice. Come, be one of the King's horses, hook up to a chariot and glide down the avenue called life.

GEO. M. HULME
LADIES ATTENTION!

The Ladies Bible School class will meet next Tuesday evening, July 12th, at the home of Mrs. Frank Bishop, Hiwood road. This is their regular monthly business meeting. All members are urged to be present.

Let those who read take note at Church Nite Business meeting last Friday evening a ban was placed on smoking either in the church, church basement or Tabernacle.

TO THE PUBLIC
Again our confidence in the public has been substantiated. In February of this year when the business horizon was darkest The Lawson Milk Company launched a ten thousand dollar expansion program to serve the public with a superior quality ice cream this summer. This has proved a huge success.

Mr. Lawson, president of the company says that his confidence in the public has never yet been betrayed and he wishes to thank the public for their hearty support.

The Lawson Milk Company is a place of activity this summer and its ice cream is the talk of the town.

Have you tried it?

Many of our customers and

Mr. and Mrs. Jay B. Mitchelson of Oak road, over the last weekend visited with their respective parents in Westerville and Delaware, Ohio.

Dr. A. M. Clifford and family of Adeline drive, Stow, returned last Friday from a weeks vacation spent in the Smoky mountain country in Kentucky and Tennessee. He reports having an enjoyable time.

Dr. W. C. Walton and wife of Oak road spent some time on July fourth attending the horse races at North Randall. Being a camera enthusiast, Dr. Walton took numerous action pictures at the races.

George Rentschler of Woodward road in the Cuyahoga River Estates, a member of the Stow Garden Club, an occasional patron of Stow merchants, with his wife, her sister and brother-in-law of Akron, returned last Saturday evening from a fifteen day trip through Indiana, Illinois, Iowa, South Dakota, Wyoming, Idaho, Nevada, California, Arizona, Texas, Arkansas, Tennessee and Kentucky. He covered 7,037 miles in a Plymouth car averaging 18.37 miles per gallon of gas. He saw everything. Had no tire trouble, did not get arrested for fast driving, though in California was followed by a state motorcycle cop for some six or seven miles. He takes a trip like this most every year.
