JOHN WESLEY

John Wesley, the founder of Methodism, one of the great currents of Christianity. Rev. John Wesley was, without question, a remarkable man, one of the most eminent of all religious leaders that ever lived.

How proud Christianity and all the human race should be of Paul, of Luther, of Wesley. The warm coals of their holy memory can still be fanned into a spiritual flame. May our Mighty God grant us a new succession of such flaming spirits as they.

John Wesley was born June 17, 1703. He died March 2, 1791. He lived to almost complete the entire century in which he was born.

John Wesley's father was a minister and his mother a very godly and remarkable woman. She was the mother of nineteen children. She was a Greek and Latin scholar, she taught her children the rudiments of education before they were permitted to enter school. Thirteen of the nineteen children died in infancy.

John Wesley preached his first sermon when he was twenty-two years of age. He preached continuously for sixty-six years. His last service was held February 24, 1791, he died six days later.

During this long eventful life John Wesley would arise at four o'clock in the morning, winter and summer alike. At five o'clock he would preach his first sermon for the day. At 9 a.m., 11 a.m., 3 p.m. and 7 p.m. were the other hours for public service, five services each day.

He traveled on an average twenty-two miles each day or eight thousand miles a year, that throughout his entire ministry.

When Wesley died he left three hundred twelve ministers looking after one-hundred nineteen thousand followers.

Wesley came to America in 1735, he spent two years in Georgia in an effort to convert the Indians. He became discouraged and returned to England. Mr. Wesley began his open air preaching in 1739. It is said that he visited every city, town, hamlet, village and cross-roads in England, Ireland and Scotland. He carried his message on street corner, Jack yard, wharf, saloon, dance hall or the finest church in the land that would permit him to enter.

Wesley married in 1751, in his forty-eighth year. His wife died in 1781. Mrs. Wesley is remembered as a godly woman and a great help to her distinguished husband.

Rev. Wesley's open air preaching brought to him opposition, mobs, violence and personal abuse such as few pioneers ever experienced. Many times a

from his lips. Once he backed into a graveyard and stood on his father's grave and preached to a resentful mob.

In storms, in rain and cold, sometimes poorly sheltered and poorly fed, on and on driven by a holy zeal into his eighty-eighth year and within six days of his death.

What an enviable life the immortal John Wesley lived. And now, my good church folk, you will not look far or long to find this man in the Kingdom of Heaven.

All young married people of the Stow community who do not attend elsewhere are invited to become members of this class.

SERMON TOPICS

MR. DIBBEN WRITES

After reading our letter in this sheet two weeks ago Mr. W. T. Dibben, former resident of West Arndale Road and well-known to many Stowites, but now living in Shelby, N. C. was moved to answer, enclosing a substantial check for his subscription. “Three years since we left Stow,” he said. “We enjoyed your ramblings in the last issue. It seemed like we were walking around with you. All the landmarks, etc., were familiar.

“We had a wonderful Easter Sunday here. Blue sky, and bright sunshine. Apple trees and all the flowering shrubs in bloom, iris, violets and tulips. The daffodils, crocusus and snowdrops

bloomed way back in March. We have little pears and peaches set on the fruit trees, also figs. The Carolinas are a mass of flowers. The red and white dogwoods are coming out also. We have a view of the Blue Ridge Mts. from the house. They look blue and hazy most of the time.

Yesterday Jane was at the Easter sunrise service of the Lutheran Church where she attends regularly, witnessed a wedding ceremony also. I failed to arise that early. We like it here in Shelby, N. C. much better than Florida for the year round home and mild climate.

If your boys have grown as fast as Philip, you won't have any ties or shirts left to use. He weighs 129 lbs. and is 5 ft. 6 in. and wears a No. 10 shoe. Jane has never been so well as this winter but still looks as young as ever. She graduates this year from high school.

Enjoyed some brown bread the other day which my wife says was made over one of Mrs. Monteith's recipes which appeared in the Stow Community Church News some years ago. Give my regards to Charles Monteith. With kindest regards to all the family.

Mr. James Moss, a Christian gentleman who lives alone on
Baumberger Road, returned home from the hospital just a month ago last Saturday. For some time after his return he was a very sick man and states that he owes his life to certain of his good neighbors who took care of him. While not yet able to get outside he can now do his own cooking, washes his own dishes, etc., though Mr. Ralph Nichols still brings in the coal and water.

Preaching last Sunday morning on the subject "If We Really Love Jesus," Rev. Hulme brought out the three thoughts, namely: first, if we love, our first impulse is to be near the object of our affection; second, if we really love, we are interested in the welfare of the one we love, and third, real love is always willing to suffer. Jesus said, "Take up your cross and follow me," "Feed my sheep," "Keep my commandments,"—and in Luke 14, 26-27 we read: "If any man come to me and hath not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple. And whosoever doeth not bear his cross, and come after me cannot be my disciple." We must love Jesus above all else.

On Wednesday evening of this week Mr. and Mrs. R. S. Cobb entertained friends at their home on Maple road.

They mumble too much. Recently a committee of ladies from the Stow Taxpayers League waited upon the township trustees with the request that henceforth at their public meetings — in transacting business they talk in an audible tone of voice — or, at least loud enough so the spectators can hear and understand. P. S. Brust, it seems, does talk loud enough.

Two weeks ago Sunday, Mr. and Mrs. Porter Ritchie of Darrowville, after partaking of a dinner with their son, Nathan Ritchie on Ritchie Road, Stow, drove over to McGrewsville to congratulate Mrs. Rebecca McGrew, who celebrated her 99th or 100th birthday, just which she does not remember. This elderly lady can see, hear and has her right mind for all of which she is justly thankful.

You buy a new car, trading in your old car, some one else trades in their old car for your old car, another party parts with a little cash, a promise to pay and his old car for the old car that was traded in on the old one that you thought would not run another hundred miles — and — finally I get traded car No. 5 which after putting several thousand miles thereon, I sell to the junk man for five dollars. Sounds far fetched but Jack Marhofer sold a new car recently, taking in a used car as part payment and before he got his money for the new car sold he had to trade off five used cars. Oh — to be a used car dealer.

CAR OWNERS — ATTENTION!

Now is the time to have all dents removed and touch up all rust spots that accumulated on your car during the winter. For reasonable prices see the Stow Fender and Body, corner Hudson and Graham Roads. C. E. Thursby, Prop. Phone WA-9517 —(Adv.)
