THE GIFT OF TONGUES

In Akron alone there are probably three separate and distinct sects of believers that teach the gift of tongues. While these good brethren have many commendable traits it is to be deplored that they teach and practice a dead letter of the Bible Doctrine.

According to Josephus it was about five hundred thirty years after the flood that an orderly and peaceful distribution and migration of the families descended from Noah had split and a part of mankind refused to conform to God’s plan. They became a rebellious faction of the race. They proposed the erection of a lofty tower, or signal house, a rallying point, a deliberate mistrust of God’s promise by the rainbow that the earth would be destroyed no more by water.

Here the Almighty frustrated their plans by inflicting a confusion of language that produced separation. See Genesis Chapter II.

Many centuries rolled by and little is written of the Doctrine of Tongues until we cross into the New Testament, the one outstanding land-mark being the tongues of fire on the Day of Pentecost. This wonderful phenomenon was a fulfillment of prophecy. Mark 16:17 Jesus said, these signs shall accompany those who believe, They shall speak with new tongues. For the account of the gift of tongues at Pentecost see Acts Chapter two.

The purpose of tongues at Pentecost, this high day in the history of Christianity, is distinctly pride themselves of possessing stated in Acts 2, that every nationality assembled there might hear in his own language. A Greek who heard Peter preach in Hebrew understood, even so an Egyptian, a Parthian, or a Mede, or a Persian. This by the unmerited favor of God, that on this founding day of the Church of Jesus Christ all might understand without confusion and delay of seeking interpretation of the message.

Speaking in tongues following conversion, therefore, is speaking plainly, distinctly, understandably, with power and unction of the Holy Spirit, actuated by a mighty urge within, from a heart that has found Christ and cannot refrain from testifying of the truth and the new life begun.

These organized Churches that that distinctive doctrine of tongues and proceed to wallow on the floor, cry over an altar, mumble unintelligible gibber, who scream, shout, clap their hands and work themselves into a religious frenzy, these deluded people libel God, cheapen Christianity and bring scorn and contempt on their own heads.

In Matthew 10:19 we find the dignity and glory of speaking in tongues. Jesus said, when they deliver you up, be not anxious what ye shall speak for it shall be given you. Nothing blurred or confused, but language clear and words that would flash like lightning.

If the tongues people would meet
Greetings Everybody:

After reading Rev. Hulme's article, the "Old Ladies with Beautiful Faces", which was published in your paper sometime ago I just had to make some comment. I hope that my face may shine with the goodness he writes of when I become three score and ten.

Oh, that we might in our youth lay hold of that spark of God's love and keep it nourished by prayer and God's spirit so that in our bent forms, wrinkled brows and gray hair, God's love could be magnified and sparkle to such a degree that the defects of our aged 'bodies would pass unnoticed!

How often we have received the spark of love from our Redeemer, then folded our arms and closed our eyes to all the beautiful acts of kindness, or, neglected the word we might have

spoken in the Savior's name which might have helped one poor sinner into the Kingdom of Heaven.

Too often, it may be, we thought we were saved, then sometime way back there we forgot to pray, forgot to be kind, forgot to be patient, forgot to guard this unruly tongue, so that, the words of our mouth and likewise, the meditations of our heart were no longer acceptable in His sight. We let this spark of love lose its glow, refusing to shine and grow into what might have been a beautiful character, an influential Christian, a leader holding up Jesus to mankind and radiating the gospel light so clearly that others could see the peaceful smile and the Christlike countenance reflecting the noble soul within. Dim eyes may sparkle with this Great Love and wrinkles may become beautifully deeper with smiles that shine out for Jesus.

Then too, we fail as mothers to spread that Gospel Light to our families. They fail to see the angelic smile on mother's face and then, when away from her care other flattering smiles are more enticing to them, so, dissipation becomes marked on the features of that face which as a youth was once so fair and beautiful. Oh mothers, pray more and with God's help teach more pure thinking to that boy or girl.

WA-3921 Munroe Falls; O
Shine out in the countenance of those whom God has placed in your care. Be careful that you may not have to look back and regard your light as having always been hid beneath a bushel measure, knowing that if such had not been the case it might now have been shining more beautifully lighting the way for others. It might have reached out to your dearest and best on earth, or, to some other dear mother's boy or girl, someone groping for the light.

So now, dear brother and sister in Christ, may we from now on let that Blessed Light shine without limit in our words, our deeds, and our actions, that it may not be too late to lead all back into the Heavenly Way, where there is no sun, moon, or stars, for Jesus is the Light. Pray for the Light in our lives. Pray that others may find the Light. Pray that the beautiful Light may go out to all leaders and all nations and that it may bring peace on earth and good will to men. Pray that some day we may behold that beautiful face of Jesus who made it possible for us too, to see the Light and to follow where he leads.

Living until June 1st of this year in Stow, Dale was a member of Community Church and Bible School also of Boy Scout Troop No. 17. Killed while on his way home, his death came as a shock and sorrow to his many friends here in Stow. Our sincere sympathy is extended to the bereaved parents, brothers, little sister and other relatives.

GRANGE NOTICE
The Darrow Street Grange will meet Saturday evening July 23rd. The speakers for the evening will be W. H. Morgan of the Robinson Clay Products Company who will talk on Modern Development of Rural Sewage Disposal. C. H. Weygandt will also talk on the Poultry Congress to be in Cleveland soon.

The Grange will have their picnic at Waterworks Park Saturday, July 29, beginning at ten o'clock. There will be a picnic dinner and supper. Games and prizes for old and young. Come and have a good time.

PICNIC POSTPONED
Mr. Burl Cox, chairman of the picnic committee, sends forth the word that our Bible School planned originally for this Saturday, July 22nd, has been postponed to Saturday, August 12th. It will be held at Waterworks Park, Cuyahoga Falls.

NEW CEMETERY RULE
Stow Township Trustees recently passed the ruling that from now on cemetery lots shall be sold only to residents of Stow Township. This regulation was passed for the reason that the cemetery is supported and kept up by Stow taxpayers. Those who live in Cuyahoga Falls or Akron do not contribute to the cemetery other than to pay for a lot, and this small sum of money becomes a minor consideration as the years go by.

In the case of Munroe Falls and Silver Lake formerly portions of Stow Township, other plans are being worked out.

peper that he had worked only five minutes at Adelle Durbin park on the preceding Saturday. He would have it known that he has been working for five months as chairman of the Advisory Board which incidentally was assembled by C. V. Cross. On last Saturday morning it rained and according to Mr. Peterman's statement it was too wet to work. However, only two nights before he spent two hours working in the park with A. J. Brust, A. F. Stein, Chas. Buck and "Bill" Gleason, who, we might add, are some of Stow's most influential and prominent citizens. Accordingly we hereby make most humble and public apology for any false impression we may have conveyed to the readers of this sheet regarding Mr. Peterman's work. We believe all who know Mr. Peterman will agree that he is a worker. He is still looking for men of the community with rakes and hoes who can spend time clearing up and fixing the new park.
