SIGNS OF THE TIMES

That something is happening in this world of ours is true and beyond controversy. We call it a transition period. We well know the story of conditions from which we are parting. We know it is a season of distress, losses, uncertainties such as the race of men has never known.

If our passing is a pilgrimage through a desert, called Time, to a promise land of better conditions for all mankind, or if our passing be ruin, or the breaking up of our civilized state, that is beyond the knowledge of any seer who lives today.

The clouds of unrest are heavy, the days are filled with distrust, many of the world’s great men rush to and fro crying peace, peace, but man’s soul wonders where? Other leaders of the affairs of Nations clank the sword and predict a general breaking up of the present order of world affairs. So, now, What Are The Signs of The Times?

In America for nearly ten years a slump or depression, a close kin to a panic, has crushed the hearts of millions of folk. This gaunt wolf first appeared under the Republican Administration. The Country demanded a change and into the saddle leaped the Democrat New Dealers.

No change has yet appeared, the country being rich in natural resources has consumed its own fat during this long economic drought. The lesson to be learned is that the present order is finished. It has come to an end so far as the old liberty, freedom, and the way of doing things, the very hours of that day are numbered.

The two great parties of this country are both passing out, a new day is at hand. Our beloved country is strong with friends, brave and true people live here, a people whose pride and hope surpass that of the Pilgrims, a sterling quality of men and women who honor God and live for righteousness, these noble folk are in swarms and droves, they cover the surface of this country from ocean to ocean. However, the plains and hills of this glorious freedom are honey-combed with enemies, spies, unrest, sin and want. This land of the free, together with all homes of the brave, is drifting, drifting as though it were a ship without power or direction in the night and on a storm-tossed sea.

The signs of the times are for a strong man, one who arises from a swirling sea of necessity, arises with power and vision, arises backed by a world’s unrest. A word coined to define him is Dictator. All must move at his bidding. Whosoever opposes him is promptly shot. Free speech, free press, free churches, free country fade and perish in the space of a day. The middle class who have dreamed and hoped see only the falling shadows, for the day of life and progress and comfort and liberty has passed and it is night.

The two great labor camps of this country are devouring each other and are losing favor with
ed hand and foot in Germany, on
trial in Japan, merely tolerated
in China, a shamble of butchery
in Spain, unfrocked in Mexico,
are these signs or tokens of a new
world wherein dwelleth righteous-
ness?

Is the plight of the Jew in near-
ly every land a good omen? Is
it indicative of a universal bro-
therhood of man? No, No. It
has the ear-marks of bitterness,
of woe, it is a sign of sorrows.
Are threats and wars and rumors
of war, the race of Nations to
gain supremacy in arms and mili-
tary advantage over one another
on land and sea and air signs of
peace on earth and good-will to
men? No, No. They are signs
of waste and decay.

Are hunger, and strikes, and the
pitiful losses of homes, happiness
and hope here and across the seas
the day dawn of the golden age?
No. It is not. It is indicative of
evil.

tention to every detail. That
and a little more has always
been our aim. Yet the cost is

Therefore, my brethren, the
signs of the times are bad, very
bad. Mark you, this world needs
saving. Come, my people, before
it is forever too late, the hope of
all the world is implied in the
teachings of Jesus.
My judgement is that the two
great political parties in America
have had their day, neither demon-
strating ability to administer a
just government to all the people.
My judgement is that capital
and labor have both lost an oppor-
tunity to serve our country. Cap-
itol has pressed the crown of
thorns on labor's brow and labor
seeks to kill the goose that lays
the golden egg.

GEORGE M. HULME.

SUNDAY'S SERMON
A week ago last Sunday Rev.
Hulme spoke at the Akron Bapt-
ist Tabernacle on the subject
"Christ's Transformation." Not
completing his sermon at that
time he gave us last Sunday two
of the three omitted points.
1. After the Transformation,
Peter, James and John lifted
up their eyes and saw Jesus
only. We must do likewise. Too
often we see too much else be-
sides Jesus, and yet, unless a
man see Jesus only yhat hope has
he of salvation.
2. Cheap Christianity. There
are too many so-called Christians
down in the valley trying to live
with a cheap brand of Christian-
ty. They are building for today
and not for eternity. They may
have started out with a great
vision but have fallen by the way-
side. Their church is a common
thing.

rainbow's end. In fact the plan is so promising that Rev. Hulme has decided to take time out from his vacation and will be in the pulpit at our church next Sunday to present it more completely and definitely to the congregation.

So, folks, if our good minister is willing to forego the pleasure of a portion of his vacation in order to help carry out this plan, let every member of the congregation be present at this coming Sunday morning Church Service which follows immediately at the close of Bible School.

Remember, its this Sunday morning August 13th, and Rev. Hulme wants everyone to be present.

terested in Bible Study and
Prayer are cordially invited to
attend.

DEATH

Mr. Charles Senn, age seventy
nine years, of Munroe Falls pass-
ed away last Friday morning at
his residence. Funeral services
were held Sunday Rev. S. B.
Bartlett officiating. Burial was
in Stow Cemetery.

Mr. Senn was vice-president
and superintendent of the Munroe
Falls Paper Mill. He lacked just
one month of being with the com-
pany for fifty years.

He leaves one son, four grand-
children, and one great grand-
child.

THINGS THAT "BILL" ROBIN-
SON TOLD US IN HIS SERMON

Our God, One who can take
man out of the gutter and save
him from sin. God is no respect-
or of persons.

How will Jesus come again?
Answer. The same way that he
left. Jesus will come again and
it will be in a cloud of glory.

Salvation differs from religion
in that religion is something that
every man has, while Salvation is
that which only God's saved peo-
ple possess.

Christ came to fulfill the law.

MISTAKES, OMISSIONS, MIX
UPS

There is always something
wrong with our paper. If we
don't step on some one's toes it
may be our English is faulty;
errors in setting type have been
noted of late; paragraphs are mis-
placed such as the one last week;
late news items for which the
type has been set have been omit-
ted and something that could just
as well have been printed next
week has been included. Lastly
you may receive only a portion
of the paper, just an empty
envelope, or, no paper at all.

Now these things are not as
they should be. We regret all
mistakes, but under the circum-
stances there will probably al-
ways be such things. However,
let us try, and some day there
might be a perfect paper publish-
ed.

The Munroe Falls Paper Mill is now closed for repairs. Sunday, 2 A.M. July 30th the water from the mill race undermined the mill room making a hole big enough to cover a house. No one was hurt when the washout occurred.

By invitation of her mother last Friday evening thirty relatives descended on Miss Clara Gillam, Elmwood Avenue honoring her birthday of that date. Must be nice to have so many relatives handy when you want to celebrate such occasions as birthdays or weddings.

Stung Again: Feeling that her hubby was not taking proper care of the orchard Mrs. H. J. Stockman with saw in hand went out bright and early last Monday morning to remove dead branches from blighted pear trees. After some activity with the saw, yellow jackets which seem to be located in numerous places in the orchard, resented the intrusion of their domain and peppered conveniently located lower appendages. Soda and hot water applications followed.

WHAT IT TOOK AT ONE TIME TO BE A CHRISTIAN

W. C. Gerber possesses an ancient German book portions of which have been translated by Rev. Hagelcamp who lives opposite Gerber's Service Station on Hudson Road. This book contains among other things a record of the persecutions of Swiss believers during the reformation, years 1535 to 1645. On the last page there is a short summary of the steadfastness of the believers and how the persecutors behaved. As follows: Hans Meyll: House searched, imprisoned 43 weeks. His sons wife bound with chains. Hans Mueller: imprisoned over a year. Cot sick. When wife and children took care of him they were heavily fined. Rudolph Haegi: in prison 82 weeks. Tortured to make him betray his mother. Dorothea Grob: Spoke up for her mother. Was so abused that the child she bore died. Etc. Etc.

Prophecy: “And he shall judge among many people, and rebuke strong nations afar off, and they
shall beat their swords into plow shares, and their spears into pruning books; nation shall not lift up a sword against nation, neither shall they learn war any more. But they shall sit every man under his vine and under his fig tree; and none shall make them afraid; for the mouth of the Lord of hosts hath spoken it. Micah 4:3-4.

**Question.** Who issues the commands and laws governing the church?

**Answer:** Christ. Read on. "And Jesus came and spake unto them, saying, All authority is given unto me in heaven and in earth. Go ye therefore and make disciples of all nations, baptising them in the name of the Father, and the Son, and the Holy Ghost; teaching them to observe all things whatsoever I have commanded you; and, lo, I am with you alway, even unto the end of the world." Matt. 28:18-20.

Again we read, and hereby we do know him, if we keep his commandments. He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him." 1st John 2:3-4.

**SIDEWALKS**

The county engineer informed the Township trustees this week that cement sidewalks four foot wide, four inches thick, laid at grade level will cost property owners fifty cents a lineal foot. The balance of the cost which is said to be around $1.25 per foot will be paid for by the Federal Government. The present plan in regard to Hudson Rd. is to lay the walk on the west side of the street as far north as King Drive.
