THE HUMAN EAR

Ears are projections on the side of the head designed to catch sounds. Now these sounds are carried through the ear to a workshop within where they are transformed into ideas, information, pity, hope, beliefs, and many other products.

Ears are very wonderful, they are also very serious. One can fold his eyelids like window shades and see not, one can shut the mouth and keep it closed, but the ear, oh, the ear, it is always open, always catching sound. Good things, bad things, in they pour, coming through the organ called the ear.

If one could lock up the human ear, pull the plug, or turn the button like one shuts off the radio, but, no, the ear is a conveyor of blessings and curses. By it we hear the sweetest tones and the most repulsive blasphemy.

There are many designs of ears, some are big and awkward to look at. They are fastened to the head just below the temples. A rabbit has nice ears and doesn't object to being lifted by the ears. An elephant folds his ears over tidy and respectable like. But with the human race there is nothing regular and in order about the ear save its location.

However, the ear is a great Bible subject. That is our main reason for discussing it. The Book says, He that hath an ear to hear let him hear. He that heareth my word and believeth on Him that sent me hath everlasting life. Isaiah cried, Hear and your soul shall live. John writes in closing the Book, Let him that heareth say come. Jesus said, If they would not hear Moses and the prophets neither would they hear one who rose from the dead. God said, This is my beloved son hear ye Him.

What a faithful friend the ear is, and how wonderfully does it convey to the mind and the heart the material that would build for eternity.

The ear, too, requires attention, it needs frequent washing in the summer, and care to keep it from freezing in the winter. Remember, too, that your ear is not made with a puckering string to furl it up and shut out objectionable sounds, words, and nerve racked noises.

So, my friend, seek the quiet place, some where the still voice speaks. Surely there is a secret place, a garden of repose, a place where the eardrum is not injured by the boom of guns or the confusion of words.

The ear may be your undoing, or the ear may bring you untold pleasure. With the ear you listen to some promoter, or swindler, or evil plot, or wicked design. The ear is the channel through which poison to the mind and death to the soul can easily flow. The ear is a member that can lead the whole body to destruction. Be particular, my friend, about the baggage that begs to travel through the ear-gate.

But the ear, blessed be the ear and thanks forever and forever to kind providence that devised the ear. With the ear I hear you speak, I enjoy the singing, I am aware of laughter, I am warned of danger. With the ear I am
taught of every avenue of human endeavor, of work, of pleasure, of gain, of loss, of life, of death, of the things that are and the things that are to come. The ear is but a narrow lane but is leads to the soul.

UP OR DOWN?

HOW TO BRING DOWN A SON
1. Let him have plenty of spending money.
2. Permit him to choose his own companions without restraint or direction.
3. Give him a latchkey and allow him to return home late at night.
4. Make no inquiry as to where and with whom he spends his leisure moments.
5. Give him to understand that manners make a good substitute for morals.
6. Teach him to expect pay for every act of helpfulness to others.
7. Let him spend Sunday hours, between services, on the street.
8. Be careful never to let him hear your voice in prayer for his salvation.

HOW TO BRING UP A SON
1. Make home the brightest and most attractive place on earth.
2. Make him responsible for the performance of a limited number of daily duties.
4. Do not ridicule his conceits. Talk frankly on matters in which he is interested.
5. Let him feel free to invite his friends to your home and table.
6. Impress upon his mind that

making character is more important than making money.

7. Live Christ before him all the time; then you will be able to talk Christ to him.

8. Be much in prayer for his salvation and spiritual growth.

A SUNDAY PAST

Last Sunday morning Rev. Hulme in a most sincere manner delivered a sermon on "The Rejection of the Pharisee" as recorded in the parable of Jesus, Luke 18, 11-12.

In this parable the Pharisee and the Publican went up into the Temple to pray. "The Pharisee stood and prayed thus with himself, God, I thank thee, that I am not as other men are, extortioners, unjust, adulterers, or even as this Publican. I fast twice in the week, I give tithes of all that I possess."

Our attention was called to the fact that the Pharisee prayed with himself. Note: It was WITH HIMSELF. He listed his virtues one by one and yet with all,—it was not enough. We are told that he was rejected.

The Pharisee typifies a great many of our modern church members. In fact he did a great deal more than many a modern church member, and yet it was not enough. NOT ENOUGH.

Formalism was the part of the Pharisee. Outward goodness. Self righteousness. He gave a tenth and boasted of it. He had broken up no one's home and boasted of it. He was a just man and boasted of that too. Other virtues he had of which he also boasted. But, lacking in humility, in love, and in sincerity, abiding by the letter of the law and not by the spirit, he was rejected.

On the other hand the Publican in many ways a sinner, was humble. He realized his short comings and sincerely desired forgiveness. We are told that he went away justified.

It was Rev. Hulme's thought and desire that we as church members and Christ's people might always go away from the church justified.

Speaking last Sunday evening to a small crowd Rev. Hulme straight from his heart delivered an exposition and talk based on Ephesians 6-10 to 18 that has rarely been equaled in our church. The central thought was that of crusading for Christ.

Our church, our faith, our worship, our devotion to the Lord should be put first. The intent and purpose of every organization within the church should be that they might exhalt Jesus Christ and thereby save some from damnation. It's the spirit that the soldier has within that makes him a crusader. Likewise with the Christian crusader, it is the Spirit that leads him on. And we too, should be crusaders because we are in the land of the enemy. Sin and temptation to sin are on every side. We must put on the whole armour of God and "having done all," to stand.

FOOD TO BE RECEIVED FOR CLEVELAND HOME

The Stow Church of Christ will send fruit, vegetables, and all kinds of canned goods to the Cleveland Christian Home for children on October 26th. These things, which will be donated may be brought to the church at any time on or before this date. The Cleveland Christian Home is the only Protestant home for children in the city of Cleveland. It is largely supported and under the supervision of the Disciples or Christian Church.

WEDNESDAY EVENING

Again your attention is called to the Wednesday evening Prayer Service and Bible Study. Rev. Hulme leads these meetings and the Book of Matthew continues to be the subject for a study. Attendance last week was encouraging. More men were present. What we need in Community Church is a more serious interest on the part of the men in Bible Study and Prayer. Only when we are saturated with God’s word and have the continuing presence of the Holy Spirit in our lives can we become effective instruments in the work of the Kingdom. And a man does not receive such knowledge and the Spirit unless serious effort is put forth on his part to obtain it. Therefore, become a regular attendant at these Wednesday evening meetings. Study the Bible! Pray! Lay hold on the ways and means of salvation!

THESE MEMBERSHIP ROLLS

Are you a church-member?
What does it cost you? Ten cents a week or ten dollars? The odds and ends of your time?

It's too cheap!

Church membership needs to be made a costlier thing, something which demands sacrifice of the best things we have and all that we are.

Church membership should mean something. When a man says he is a church member it ought to signify he is God's kind of a man.

The trouble with most churches today is that they have been seduced by the craze for numbers. We have used every device to get the crowd. Everything from the "saw-dust trail" to "aesthetic dancing." A Sunday school advertised the other day that several professional baseball players would be on the platform. The place was jammed. A few Sundays later the "simple gospel" drew a mere handful, and the "faithful" longed for another "stunt." We have used "stunts" until the church is stunted in spiritual stature.

Our membership rolls are cluttered up with hundreds of "dead ones"—every name indicating nothing but religious defeat. The preacher wears himself out in the futile effort to resurrect the dead, but there is no answering spiritual response to his callings, writings, and pleadings.

Oh, they may come around to the parsonage for an occasional wedding, or to the church house for a funeral, but that is just for selfish convenience. They may appear on a special occasion or two if some high-pressure religious salesman worms a promise out of them when they are off guard.

The trouble with these people is, their church membership has never cost them anything. It didn't mean giving up the things of the world, the flesh and the devil. Their interest still lies in the material realm and the church is only a second rate attraction when it comes to something devilishly good.

If, after we have done everything possible to convert these church members and make Christians out of them, they continue in their spiritual mummy cases, I say we should take their names off the book. Lop off the dead timber!

We must make church membership mean something! or quit the practice of keeping membership rolls.

The strongest talking point the devil has in some communities is, "Old John Doe is a church member!" We keep kidding John into thinking that he has a through ticket to glory in spite of his consummate rascality. The community says, "Well, if John is going to heaven with that gang we prefer another route."

This is plain talk but if it will jar some church members loose from their indifferent conplacency and get some Christian Action on this church membership business, it will be well worth while.

A record few achieve. For the past twenty-two years Mr. and Mrs. Frank Bientz of North Town Line Road have had at least one of their six children in Stow Public Schools, and at one time for three ears Mrs. Bientz, on school days packed six respective lunches. The youngest daughter Eleanor is a senior in Stow High School this year. The other children are Myra, Marjorie, Ralph, Howard and Janet. Mr. and Mrs. Bientz recently celebrated their thirty-first wedding anniversary.

At eleven A. M. last Friday gas man "Bill" Gerber left his gas station and with basket and gun went out into Hansen's woods at Stewart's Corners. He got a basket full of mushrooms, a gallon of hickory nuts and with his gun was able to defend himself against the attack of a vicious squirrel who resented his intrusion on the nut field. He also shot another squirrel just on the principle that it is always best to attack first, that is, carry the war into the enemy territory. Mr. Gerber says he has not had a more enjoyable five hour period of time in the last two years. Speaking of squirrels it is reported that well driller "Russ" Anderson and candidate for Township Trustee on the Republican ticket, made two trips to the southern part of the State last week and got just one squirrel. Wouldn't have believed that Gerber got two squirrels right here at home except that he saw them.

Later Gerber and Anderson closed the squirrel season last Monday by going out to the Hansen's woods. Gerber didn't see a single squirrel to shoot at, however, Anderson shot twice and got one squirrel. This was in the morning. After a fine dinner at the Anderson home they returned to the field of battle. Deciding to get all or nothing Gerber started at one end of the woods, Anderson at the other. Suddenly Gerber thought he was being attacked by the whole German army. Five shots and another squirrel. Since Anderson is rather hard up for ready cash there is some talk of taking a collection to buy him a box of shells so he can hunt rabbits when the season opens.
