THE STREAM OF HISTORY

That in the long ago, before records were kept, a tiny stream, called History, came trickling across the centuries, that the stream gained momentum as time passed before its onward progress, that somewhere and at one time the stream was very small and now is a mighty uncontrollable surge of strife and confusion is all self-evident.

Evidences are undisputable that in the far dim past mighty races of men possessed the earth, giants reigned and animals kings of forest and plains. How long this earth has existed, and how many stages of evolution mother earth has experienced no man knows. Probably for millions of years mankind has appeared upon the stage of life, then faded to silence and pathetic dust.

There are three mile-posts, or divisions, along the stream of time that are marked by mighty surges of evolution of the entire race. I can only point them out for your observation and study.

First—Within the range of history there was the Stone Age, an age of cruelty; a brutal age of ignorance. That time, in the long ago, when cave men lived without law or responsibility. A time when human flesh was cheap, when conveniences were few, when hunting, fishing and roaming the wild forests were the order of the day. Darkness and dullness of intellect was man's tragedy. No doubt the tribal instinct was early in evidence, that cruel strife and bloody battles cursed the children of men. For how many centuries this darkness and stupidity covered the earth no man knows. It was in the long ago, it was the Stone Age, the age of giants, of cave men, of ignorance, an age when the animal nature dominated the race of men.

Second—How or when, who knows? However, along the stream of time a new era was born, and behold, civilization covered the face of the Earth. Man made tools, built houses, organized society, made laws, built bridges, constructed cities, schools, churches, factories, plated farms, traded commodities of life. Man clothed himself, studied ethics, learned kindness, charity, and even became solicitous one for the other. This stage declared the wise is called Civilization. Into this civilization man brought or developed many destroying agencies, such as drink, wars, selfishness, sin and hate. However, with all its faults civilization was a mighty step forward.

Third—Somewhere along the stream of History a mighty influence, called Christianity, appeared among the children of men. This strange phenomenon began to transform the hearts of men about the beginning of the Christian Era. The world's greatest reformer, one called Jesus, walked the earth, mingled with the people and taught of God and Heaven and love, of kindness and responsibility of a future life, and world that is to be. His influence on the earth has been wonderful, mighty, astonishing, nothing comparable to it since the world began. Howbeit, into this third stage of life man has
dragged his sins, wars, selfishness and hate. Into the stream of History man has poured his vial of wormwood, he has made the pure stream bitter.

Can man correct this evil, can this race separate itself from the destroyer? Or shall we plunge into oblivion and start again a pre-historic race?

GEO. M. HULME

COMMUNION

This coming Sunday morning, April 7, the Sacrament of the Lord's Supper will be observed in Community Church. True Christians who are members of our Church will feel under an obligation of obedience to our Lord to be present at this service.

WEDNESDAY EVENING PRAYER SERVICE

Interesting studies in the Bible are conducted each Wednesday evening at the church by our pastor Rev. Hulme. You are invited to attend and take part in the meeting.

JUNIOR CHURCH GROWING

Attendance last Sunday at Junior Church (which holds forth in the basement while the older folks worship upstairs) was thirty, just three times what it was a year ago. Mrs. Daniel Cumpson, Mrs. Ralph Nichols and others deserve much credit for the success of this enterprise.

BUSINESS MEETING

If you read this Friday—remember to attend Church Business Meeting—tonight at 7:30 P. M.

Devotion.....

Devotion to the ideals of our profession is your release from care. For we do our best to give you a funeral with dignity of service. This is our contribution to our community. We will be glad to help you.

TOWNSHIP ROADS

Trustee Brust states that due to the cold winter township roads are in poor condition, which is not unusual at this time of year. With money now available, a new blader, and a new truck soon, they are doing everything possible to put them back in good shape. Mail and school bus routes come first. Work on these was started last week as soon as the frost came out.

Last week’s notice regarding the roads came to hand as an anonymous telephone call. It was received by one of the editor’s young assistants and we were under the impression that it came from one of the township trustees, which was NOT the case. In justice to the trustees the editor should note that even in the past few days roads have been greatly improved due to the efforts of road supervisor Chipps and helpers.

Roses, shrubbery, trees. Quaker Hill Quality Nursery Stock sold at reasonable prices is sure to please. C. C. Bush, agent, 225 Elmwood avenue, Stow. (Adv.).

Quality Fresh White Eggs—in cartons, 25c per dozen. Produced by Chas. Simmons, 175 Elmwood Ave., Stow. Phone WA-1595.

Special Prices Now On Resetting, Cleaning and Repairs. Work done with minimum inconvenience by expert workmen.—CALL HE-7167.

GRAHAM ROAD

Attendance at Bible School last Sunday was one hundred seventy-five. Birthdays celebrated were those of J. Chadwell, Carl Talbert and Mrs. Wagner. Banner class that of Mr. Morehouse.

The Fireside Forum was held Friday evening at the home of Mrs. Praixje’s on Graham Road.

The regular meeting of the Stow P. T. A. will be held Tuesday, April 9th, 7:30 p. m. in the high school auditorium. The third grade under the direction of Mrs. Chambers will give a play, The Wizard Of Oz. The speaker of the evening will be Dr. Mary Jane Gast of Cleveland. She will give an illustrated talk showing X-ray pictures on the value of correct posture for school children. Dr. Gast was formerly head nurse at the Grant hospital in Columbus.

Election of officers will be held at this meeting.

LOVE OF GOD
The following words were found scratched on the wall of a narrow room in an institution for the feeble minded. Unfortunately they were not found until after the patient had died:

Could we with ink the ocean fill
And were the sky of parchment made,
Were every stalk on earth a quill
And every man a scribe by trade.

To write the love of God above
Would drain the ocean dry
Nor would the scroll contain the whole
Though stretched from sky to sky.

Oh! Love of God so rich and pure
So matchless and so strong
It will forever more endure
The saints and angels song.

Now and for many winters to come have FRIENDLY warmth automatically. The Will-Burt Stoker may be installed in any type of heating plant. Let us give you an estimate. E. F. Kastens, agent. Phone WA-7688.

Last Saturday evening Mr. and Mrs. Burl Cox were presented with a nice bouquet of flowers by the Bible School class of which they are members. The occasion was their eleventh wedding anniversary. Your reporter forgot to count noses but was told there were about eighteen present to enjoy five kinds of cake and coffee. Incidentally this class which is taught by Mrs. Hazel Wheeler won the banner on Sunday morning with an attendance of 140%.

WANTED: A housekeeper, age twenty five to thirty five for employed couple, capable of taking full responsibility. Must be good cook and laundress. Go home nights. Nine dollars per week. Call evenings or Sunday WA-5473 (Adv.).

We are pleased to report that all of the Coffeens who have been seriously ill are much improved at this writing.

Mr. and Mrs. George Kutinsky have another grandchild who, about a month old now, is the son of Mr. and Mrs. Harold Meredith of Stow.

“You bring the duck and we will have a duck dinner” an old saying true last Sunday when George Ake killed one of his fine ducks and enjoyed a duck dinner with his sister-in-law Mrs. Karl Bientz at Brady Lake.

Driving to Troy, N. Y. over the last weekend Mr. Wm. Holmes of Holmes Glad Gardens, daughter Mrs. Wm. Duff of Akron, and granddaughter Dorothy Lee brought back Mrs. Holmes who has been visiting there for the past several weeks.

A visitor last Saturday evening at the home of Grandpa and Grandma Brittan was little six year old Dorothy Zehrung. That day with three hundred other children she had competed in a music contest at Youngstown. She is a talented young pianist playing the most difficult numbers with apparent ease. After listening to her older sister play a new piece she can go to the piano and by ear play the same thing right after her. Also she can transpose the difficult pieces which she plays into any key. She is the daughter of Mr. and Mrs. Sam Zehrung of Dayton, Ohio. The Brittans think they had a rare treat and it was all the more enjoyable because the young lady seemed entirely unconscious of doing anything out of the ordinary.
