CHRIST IN US THE HOPE OF GLORY

We picture the hills of Judea,
And wish that we might have been there
To walk and to talk with the Saviour.
How blessed His moments to share!

We think of our Lord up in glory,
Enthroned at the Father's right hand,
And we have grown weary with longing
For Him and that far away Land.

We yearn for a glimpse of His beauty,
We long for the sound of His voice.
To touch but the hem of His garment
Would make us forever rejoice.

O matchless His love and His mercy!
That Christ Who walked Galilee's shore
Has opened my heart's door and entered
To dwell with me there evermore!

Martha Snell Nicholson

"That ye may remember, and do all My Commandments, and be holy unto your God." (Numbers 15:40)

This is a "result clause," following the command for the Israelites to put on the borders of their garments a band of blue. Now blue is the color of Heaven. It speaks of fidelity and obedience. So this blue border was to be for God's people a help toward practical holiness. It was to aid them to remember to do all the Lord's commandments, so that they might actually be holy unto their God.

"Remember and do." So very simple is the pathway to practical holiness. A child can understand those words, a babe in Christ can practise them. But let not their simplicity obscure their importance. There is no substitute for moment by moment remembrance of the Lord, and nothing can take the place of plain obedience to Him. No God-forgetting person will ever grow in sanctity, nor will those who violate His commandments attain unto holiness.

"He was oppressed, and He was afflicted." (Isa. 53:7) Christ was chosen out of the people, that He might know our wants, and sympathize with us. I believe some of the rich have no notion whatever of what the distress of the poor is. They have no idea of what it is to labor for their daily bread. They have a very faint conception of what a rise in the price of bread means; they do not know anything about it. And when we put men in power who never were of the people, they may not understand the art of governing us. But our great and glorious Jesus Christ is one chosen out of the people; and therefore He knows our needs.

Jesus suffered temptation and pain; our sicknesses He bore; weariness—He has endured it, for, weary He sat by the well; poverty—He knows it, for sometimes He had not bread to eat, save that bread of which the world knows nothing; to be homeless—He knew that, too, for the foxes had holes and the birds of the air had nests, but He had not where to lay His head.

My fellow-Christian, there is no place where thou canst go, where Christ has not been before thee—sinful places alone excepted. He hath been before thee; He hath smoothed the way; He hath entered the grave, that He might make the tomb the royal bedchamber of the ransomed race, the closet where they lay aside the garments of labor to put on the vestments of eternal rest.

In all places whithersoever we
go, the Angel of the covenant has been our forerunner. Each burden we have to carry has once been laid on the shoulders of Immanuel.

"His way was much rougher and darker than mine;
Did Christ my Lord suffer and shall I repine?"

Dear fellow-traveler, take courage! Christ has consecrated the road which you travel—no matter how rough or thorny it may be.

—Chas. H. Spurgeon.

God knows best what is best for me,
Why should I worry or anxious be,
Trying to fathom the course I take,
Grasping at bubbles that fade and break?
One step is all I have need to see. GOD knows best what is best for me.

LAST SUNDAY
Last Sunday morning Rev. Benjamin F. Andrews, executive secretary of the State Association of Community Churches was present at our morning service.

His message was on the need of community centered religion, centered in Christ. The most characteristic thing about the world today, he pointed out, was its tendency to fall apart. Nationally, there is a tendency to divide up into groups, and on down through state and community the same tendency is shown. Even the smallest unit, the family, has lost much of its stability. Witness the large number of divorces. Nowadays pressure from the top down is the method used to hold things together (Dictatorship strikes, etc).

But such can never bring permanent peace or unity. God’s plan, he pointed out, is one of love. When we have His love within our heart, love for God, and love for our fellowman, then and then only will the ideal world exist. This applies from the national unit on down to the individual family group.

Rev. Andrews pointed out that the church should not, as is often the case, be an end in itself, but rather an agency to promote God’s plan. Community religion, centered in Christ, is fundamentally evangelistic, he said.

Special music last Sunday morning included a number “Dear Lord, Kind Lord” by a male quartette composed of Woodring, Rearick, Harruff and Houck. We hope they sing again for us.

“Trust in Him at all times; ye people, pour out your heart before Him: God is a refuge for us.”

JAMES MOTHERSBAUGH DIES IN KOREA

Mr. and Mrs. Allen C. Mothersbaugh, 2030 Stone St. Cuyahoga Falls received word last week from the War Department that their son, Sergt. James H. Mothersbaugh was dead as a result of burns received in a fire at Seoul Korea. He had been in the service since June 1945 and was expecting to come home soon. He was a member of an armored tank flame thrower battalion and had been stationed in Japan before going to Korea.

"Jimmy," as a small boy, formerly lived on Hudson Drive in Stow with his parents and frequently attended our Junior Boys Bible Class at Community Church. He was twenty-two years old at the time of his death. He will be remembered best by members of the Stow High School Class that graduated in 1942 since that is the year he finished in Cuyahoga Falls.

Besides his parents he leaves two brothers, Robert and Gene.

The next regular meeting of Stow D. of A. will be held Monday evening Oct. 21, 7:30 P. M. at the Town Hall. There will be School of Instruction and all members are urged to attend.

**LADIES BIBLE CLASS**

The Ladies Bible Class will hold their regular monthly class meeting on Tuesday evening, Oct. 22 at the home of Mrs. Geo. M. Hulme, 859 Ardmore Ave. Akron. Hostesses are Mrs. Dunn, Mrs. Roe, Mrs. Chas Gillam and Mrs. Morris. If you have no transportation call Mrs. Julian Evans, River Rr.

Let us have a good turnout.

**NUTTING**

Have you ever gone nutting on a crisp autumn day when the frost had opened the chestnut burs or the hickorynuts were falling before a hard wind? Have you ever been wakened by your mother after a windy rainy night and told to hurry to the chestnut trees before the older brothers and sisters got there? Or maybe it was the neighbors' turkeys that were the thieves as they used to be down home. If you haven't picked chestnuts or hickorynuts in the fall, you have missed one of the genuine pleasures of childhood.

I remember one fine big chestnut tree that stood down in our pasture where we picked three bushels of nuts. When the turkeys would get over there eating our chestnuts we'd sick old Shep on them. One morning they flew down across the hoglot and lit in a spreading walnut tree. Shep wasn't going to be baffled by an old walnut tree; so up he climbed over the handy limbs. All went well with Shep until he got to looking up at the turkeys on the limbs above him. He forgot to watch his footing, and down he came on a big flat rock. That was the end of turkey chasing for Shep for that day.

It's great to get down on your knees with a branching stick in your hand to brush the leaves away. Sometimes the nut that you find has the telltale tooth marks of a chipmunk that stopped to take his meal in between trips to his hoard of nuts in a hollow limb or rock pile. You always want to take an ambitious dog along. There are a lot of interesting smells for a good dog around a grove of hickory trees.

If you are good at climbing, you can go to the top of hickory and shake them down. If that's too strenuous, you can wait for the wind and rain to bring them down. You get more of the nuts the first way, but the chipmunks prefer that you take the latter method. Whatever method you use, I can wish for you no more pleasant autumn sport than nutting.

A banquet is to be given for the young people at 6:30 Wednesday evening. The speaker at this event will be Rev. Herald Monroe, state director of young people's activities.

On Thursday evening there will be a fellowship supper at 6:30 with an historical exhibit, and Friday is to be children's night with a hollowe'en party.

A community auction on the lot north of the church is to be the event of Saturday afternoon. The proceeds are to be used for the continuation of the work in the Children's chapel.

Sunday, October 27, will be the last day of the anniversary ceremonies. Dr. Fall, president of Hiram college, is to be the morning speaker, and in the afternoon Dr. Gaines M. Cook of Cleveland, retiring secretary of the Ohio Churches of Christ will bring the closing message.
LETTER

Constable Hilliard Writes

Stow, Ohio
October 15, 1946

To The Editor:

In answer to the topic headlined “Attention” in the C. C. News of Oct. 11, I find the suggestion for a little protection.

I am glad it said constables. In case anyone doesn’t know, there are three constables in Stow.

It seems most people think there in only one. My phone rings at all hours of the night. They are calls of all kinds. Such as the little boy next door is throwing stones at my Mary, or Mrs. so and so called me so and so names. Can’t you neighbors get along?

At times I get summons to serve that had been given to another constable to serve. Is this a one man job? If so, I don’t want it.

At the Sheriff’s office there is a chart with the names of law officers. Mine is there. Where are the others?

I answer calls from the Sheriff’s office. Do the others?

I am wondering of our parents know where their children are. I find them everywhere. Yes, in beer gardens too.

It might be a good idea to make a law in our little town to have all children under 16 years of age off the street by nine O’clock.

My orders from the Sheriff’s office are to pick up all pranksters and take them to the detention home. That is a very harsh order but if the parents don’t take care of their children at home, the law will take care of them in a home of correction.

I have told you where one constable is. Now if you want action get it from the others. My hands are filled.

If you can do the job better than I please step forward, and I will step back. Thank you.

Joseph P. Hilliard
Constable.

Editor’s Note: This letter is interesting, timely, and informative. The paragraph “Attention” in Oct. 11 issue referred to was printed just as received from the contributor with the exception that the editor added the question near the end that brought forth this letter. So far Mr. Hilliard is the only constable who reacted.

Ordinarily we do not like to stir up any unpleasantness but there are times when to sit back and be silent is a crime. And we believe that this is one of those times.

Years ago there was only one night when it was thought permissible to play pranks. Now it is different. The season has been extended to several weeks and the destruction of property, etc. is no small thing. Parents are largely responsible. Either because of ignorance or indifference children are permitted...

LETTER (Continued from Page 6)

to run wild. Only when someone threatens vigorous measures do they seem to pay any attention. As an example, some years ago one neighbor suffered loss of property several weeks before Halloween. Full of righteous indignation he marched up and down three township roads stopping at each house where there were children and served notice that he had purchased a new shot gun and proposed to use it if anyone so much as set foot on his property. He was not bothered any further.

If Mr. Hilliard and the other constables will carry out the instructions of the sheriff to the letter, it is quite possible that the situation might be brought under control. Regarding the matter of so called pranks etc., if not stopped, one thing leads to another until finally crimes of a serious nature have been committed. To break into public or private property is no small prank. A term in the Reform school or Pen, in place of the Detention Home, will be the penalty. We appreciate Mr. Hilliard's letter.

Mrs. Dora Hamman of West Ritchie Rd. spent Friday forenoon visiting with Mrs. Elsie Dickert, a guest in the Ted Brittan home. Mrs. Dickert after being at Crile General Hospital has been Field Director of the American Red Cross at Wm. Beaumont General in El Paso, Texas. She leaves Kent Sunday for Dayton going there to see her brothers Sam and Jim Zehrung. Mrs. Hamman and Fern Brittan assisted in the Dickert home on Longmere Drive before the death of Mr. Dickert, a veteran of World War I.

Last Sunday several relatives and friends were guests in the J. E. Shroyer home when their daughter Mildred, Mrs. Donald Matjunas, gave a “Pink and Blue” shower honoring her sister Thelma, Mrs. Kenneth Weiss of Kent. Carnations and roses were used for center piece in the buffet supper arrangement and storks of various sizes were placed throughout the home. The largest one carried lovely “wee’ gifts.”

STOW COMMUNITY COUNCIL
NOTES

A report on the installation of gas mains in the Stow area was presented to the Community Council at the last Council meeting on October 10th. It was reported that service would be complete over a rather limited area within the next four to six weeks. The East Ohio Gas Co. was compelled to limit the area to be served because of lack of material, principally 8 and 10 inch pipe. It is planned to extend service beyond the present limits next spring when more pipe will presumably be available.

Mr. W. T. Haines, President, again asked the cooperation of clubs, organizations and individuals in providing information and statistics for the Stow Directory, soon to be published by a Hudson, Ohio, publishing house.

The necessity for passing favorably on the forthcoming special levy for the fire department was discussed. All voters are urged to vote for the levy. It was pointed out that full reduction of fire insurance rates will not be obtained unless additional fire-fighting equipment, to be purchased by funds provided by the levy, is purchased.

Mr. George Conley announced that the Stow Lion's Club was backing the local Community Chest drive Oct. 15-25th. No house to house campaign is contemplated. The Council pledged its full support and endorsement of the campaign and urges that all residents not solicited at their place of business or employment submit their contribution to the Stow Lion's Club.

Mr Stockman:
I received my first issue of your paper last week and the second this week. I guess I'm a little slow in sending my thank-you's, but I want to thank you immensely for the C. C. News. It's sure swell to get news about folks you know in good old Stow after

reading nothing but Virginia news. It's very nice in Virginia if you like rain, which it does every two days. I'm happy down here however despite the rain. I get a big kick out of the "you-all's," "we-uns," and "us'ns" these southerners throw around.

So until I have further news I'll close my clatter.

P. S. Tell Eloise I said "hello," okay?

Ed Note: Glad to know you are getting the paper and that you sent us a letter so promptly. Write again and tell us more about your army experiences. As for the P. S. I think you have the Stockmans mixed up, which is not an uncommon occurrence. However Eloise will no doubt hear about your greeting. She is the daughter of Walter Stockman and not your editor. —H. J. LETTER
Oct. 3, 1946
Dear Mr. Stockman:
Received three copies of the C. C. News and believe me it is really swell hearing from home. I have been having quite a time over here. I have been playing football. We have games in Berlin, Vienna, and a few other places. Our home field is in Munich at Stadz Stadium. Things are in pretty fair shape now. From what I hear winter is just around the corner. Well that is about all for now. Just a line or two to let you know that Stow is the best little place in the world to be as far as I am concerned.
